

## March 27, 1990

JEY is here. At this time now allow JEY to tell that it is known that you have been in thought about the one who is in your life as Julie and that it is known that indeed there will be an opportunity for you to help. Let it be known at this time that JEY is aware of the need.

Now allow this one to further tell that in the days to come you will return to that which is a time of more communication with JEY as others then will begin to seek out your source for information. In other words, there will be a need for further assistance to those who will come.

Now allow JEY to give this information. As you are aware, there is a need for you to continue to allow that one who comes as SECHA to communicate, and so it is that JEY would seek to allow that one to come to you at this time. But be aware this does not preclude the receiving of information from those who can provide such for the one who is Julie. Are you willing to accept? (I mentally agreed if it were God's will.) JEY hears and will so allow. Now wait. JEY would ask that you attempt at this time to allow SECHA to write...No, with the instrument that you need for writing. (I went to pen and paper!)

SECHA is here. SECHA can write! Now allow SECHA to tell this. Your life is in a time of being used for the good of others in this Earth plane, and it is the love of God that provides you with the opportunity to help. SECHA will attempt to give help and information. Now seek to allow SECHA to give help in this way. SECHA can give the energy needed to overcome all inconveniences in your days. Ask for the help. Secha can cause that which is a matter of acceleration of current in the accessing of energy! Secha would say there is no danger. SECHA will advise about that. (I had asked a question.) SECHA can now be able to materialize if it is your desire at this moment. Nothing is required of you. SECHA hears and will tell more at the time of the actual materialization. Shall we attempt? Allow your heart to so prepare. Now wait.

(I was very tired and found it difficult to concentrate on this new aspect!)

SECHA cannot be able to serve at this time. It will be a time of more energy. SECHA can affirm that it can be so. Also, SECHA can tell that as you are alert to the possibility, it can be so. Give time to allow SECHA to talk in the day to come as you have the opportunity. Go in love. Amen.
