

## OMEGA - May 26, 1991

--being shared again for those who have not read it...and those who have! (We had discussed John Van Auken's book BORN AGAIN AND AGAIN)

This one is pleased to be in your midst and to come to you with Love. Allow this one to notify you who are here that this one does indeed come in the will of the Creator and that indeed this one does come with the knowledge that those of you who are here present are OMEGA. Allow this one also to say to you that you are indeed blessed of those who are in physical body at this time.

This one comes again to bring a message that will endeavor to help you to understand those things which you have been discussing. Know that as you have been meeting at this time, there have been within your midst many who are in Spirit and yet who have had an opportunity to be with you. Some have endeavored to give you messages through thought in order that you may be led to discuss more fully those ideas which you have. Know that many times when you receive such ideas, you are able then to put them into words that will give an expression of the thought that has been given to you. And so it has been at this time.

This one would come now to advise you that it would be wise for you to continue to seek after those things which can be given to you through spirit, knowing that as you have a need for help in understanding a subject that has been given to you, that such help can be given as you request it. But know, too, that if you rely wholly upon your physical mind to give you an answer that will satisfy you, often you will not receive that which you are needing. And so it is that if you would ask for Spiritual guidance during those times when there is a need for information, it can be given to you. This one would ask you now to receive these things which are to be given to you, with the knowledge that if you find it difficult to understand what is being said or difficult to receive what is being said that you simply allow your Spirit Within to be in control of your physical mind in order that these things may be stored within your Spirit and therefore available to you at a later time in your life on this Earth. And so this one comes to address you in this manner.

You have discussed during this meeting of the OMEGA those things that would simply seem to be an overview of Creation of the Physical Body, from the time when it became part of this which is known as Energy until this time where you are now seated in this meeting of the OMEGA in a Physical Body. You are STILL that part which was the beginning...and know that as the Creator suffered you to be able to know an existence apart from the Creator, you were able then to succeed in your mission to become a living entity within the Universe. That which is known to you as the Creator has provided you, the REALITY OF YOU, with the knowledge and will to be able to live permanently upon the Earth Planet if you so choose to do. But know that even as you have come here at this time, it has been for the purpose of fulfilling a need which you had. You have discussed the idea of that which you call KARMA. KNOW THAT THIS IS SIMPLY A WORD WHICH IS USED TO DESCRIBE THAT WHICH WAS AN EVENT UPON THE EARTH PLANE for one who comes again and again to the Earth. It has no significance other than this....that as you return again and again to the Earth Plane, you bring with you knowledges from ALL PAST LIVES which you have lived, knowledges from all parts of the Universe where you have been able to visit and to learn. THOSE KNOWLEDGES THEN BECOME A PART OF THAT WHICH IS YOUR SPIRIT WITHIN. As you who are here as a Physical aspect of that which is the Spirit, you are attempting now to understand with your physical mind those things which are totally of Spirit. Realize this....that the Spirit Within you is indeed OF THE CREATOR. THAT SPIRIT HAS NO NEED TO OVERCOME KARMA.. That Spirit has no need to be able to again be sad or sorry for that which may have happened to a physical body. SPIRIT IS SPIRIT! SPIRIT IS UNCHANGING! Spirit provides the physical body with a reason for living. In other words, it provides life!

Know that life within the physical body would not continue without Spirit. Spirit is indeed LIFE FORCE AND WILL CONTINUE TO BE THAT. But know that your Spirit itself does not incur that which you refer to as Karma. Know that there have been many misleading things written within those which you are studying. That which has been done wrong has been done by the physical mind, which has in turn you have as a result of having done something that does not satisfy the needs of humanity upon this Earth Plane while you are a physical being, you have incurred the necessity to come back again as a physical being to try to learn a lesson that you did not learn in the beginning. That will affect the Spirit ONLY INsofar as it does collect all memories of those past lives; and it will have a MEMORY of the wrong doing in a physical body in times past. That MEMORY, then, will be challenged when again there is a time for

that spirit to live in a physical body, and that memory then is able to encourage the physical body, the physical mind, to do that which would overcome a wrong which was done in a previous life!

Allow this one to say to you that this is not the thinking nor the teaching that is currently being given by many who address this topic upon the Earth Plane at this time. Know that the Spirit is ALWAYS SPIRIT and is SPIRIT OF THE CREATOR. How can the Spirit do that which is wrong when the Spirit is OF THE CREATOR WHICH IS ALL POWERFUL, ALL PERFECTION? The Spirit cannot be in what you would call 'KARMIC DEBT' while you are on Earth at this time.

What is at stake here is as this one has said to you: The Memories of ALL past things which have occurred as your Spirit lived in other bodies upon the Earth Plane are still intact within the Spirit, within what you would choose to call 'a consciousness'. It is there! And so that MEMORY is all that is contained that would have evidence of any wrong doing! Your Spirit will return in time to the Creator and become One again with that which you call the Creator. In turn this which you call 'a consciousness', that which is your Spirit Within you, will unite with that which you prefer to call 'THE UNIVERSAL CONSCIOUSNESS' or 'UNIVERSAL FORCE'. Know then this will become the reunion of those two aspects of Spirit...the SPIRIT WITHIN you and that which is Divine, THE CREATOR.

You have an opportunity at this time to give this information to others; and know that even as it is given to others, they will in turn expand the numbers who will receive this information. This information is given to you in Love and in the Will of the Creator. Know, without error, that your SPIRIT CANNOT COMMIT A WRONG DOING! THE SPIRIT IS OF THE CREATOR! Again, know that the physical body is capable of wrong doing. Understand this. Allow it to become a part of your thinking and the physical mind within you.

This one would also come to address this particular aspect of your discussion. You have had a discussion with regard to many who you would call those who do not have the advantages which you enjoy upon this Earth as a physical being. Allow this to be known. Many who are at this time encouraged upon the WRONG PATH, encouraged by someone who has been able to lead them in that direction....those individuals who encourage the physical mind and body to take a wrong turn during this Earth Life must come back to right that which has been done wrong while in physical body. No one, without some urging, tends to make a decision without having had some urging toward that decision making! It may have come from your physical mind, but when you make those RIGHT decisions, you are receiving help from the Spirit Within and are listening to that guidance which is coming from within you.

There are those who DO NOT know that they can receive such guidance from within; and so they fall prey to those who are in body who would give them wrong direction, those who would take advantage of their inability to make a right decision. And so when those decisions are made and that physical body must suffer as a result of that decision, there has been a wrong done to that individual. If you who are here at this time have at some time made a decision for another and have not allowed them to make their own decision, and that decision has led them astray, it is now the time for you to seek to right the wrong that may have been done.

If you have given information that would cause one to make a wrong decision, you need to allow that to be righted at this time. It will encourage that one then to look upon you as one who is honest, but further would allow that one to know that there is a way to receive information that can be right. They need not listen to another Spirit-in-Body without the awareness that such Spirit-in-Body is giving information that does come as a result of their having tapped the Spiritual force within them.

You have an obligation at this time for all who are in your care, all who are in your concern, that you look within self to be able to give right communication to the one who is relying upon you for help at this time. LOOK WITHIN. Get the information necessary to help another. Unless you do this, you may be misled by the physical mind to the extent that you would cause one to take a wrong turn in this lifetime on Earth. Many of you tend to work with others; and as you work with others, you take on a great responsibility in this lifetime. You have the opportunity to influence those with whom you work. Be sure you look within you and know Truth before you advise another to take a certain direction. It is important.

And now this one comes with a challenge for each of you. You have arrived at a point in your life on this Earth where you feel, perhaps, that you are now gaining some knowledge with regard to your Spirit Within. If you feel strongly that you can now rely upon your own 'intuition', as it might be called, upon your own choice of the right thing for you to do, if

you feel strongly that this is coming from the Spirit Within, follow after that. Know that you need look no further than the Spirit Within you in order to make these right decisions. Often these will come to you simply as a prompting, or they will come as a feeling which you might call an intuition. Or you may have a thought, and this does qualify as what can come from your Spirit Within. Simply seek to know that the thought does fulfill the need at that moment....that it does come from the Spirit Within you. You need at this time to be at peace with yourself. You need to know that the decisions which you are making in this lifetime do fulfill your needs upon Earth at this time. If you have made major decisions in your life at this moment, know that you **MUST FEEL AT PEACE WITH THOSE DECISIONS**. Know that which you are doing is within the will of the Creator for your life. If you have doubts about any decisions which you are making at this time, seek for help from the Spirit Within. Seek for help, even from those who come as your guardians of Spirit. But above all, it is necessary for you to trust the Spirit of the Creator that resides within you! And if, at any time, when you have made a decision, you feel that which is not right with that decision, know that you need to go back and seek after Truth from the Spirit Within you!

You have been told that this is a difficult journey...and indeed it is! You will have many times when you question even that which is your Spirit Within. But know that you **ARE** that Spirit. **REALITY** of you is **SPIRIT WITHIN** you; and even as you come here at this time for further enlightenment, you know that it is necessary because of the Spirit Within you. Give thought now to achieving that for which you have entered this body. Know that this which has been said to you...that the physical aspect of you is not the totality of you...know that it is important for you to fully understand that and for you to fully understand the importance of the Spirit that has chosen to live in this body. The Spirit will return at some time in the future to the Spirit Realm. This physical body which is known to you as a name will no longer exist. It will return to the Earth. And that which is the name that you are known by at this time will simply become history for the Spirit Within you.

The Spirit may elect to return, and when it does, it will again attempt to guide a physical body that will help again to erase that which may be a memory that is not suited to the Spirit Within...it may help to erase that memory from the Spirit. Still even though the memory exists within the Spirit, the Spirit has not been harmed. It is simply attempting to cleanse itself of a memory that is not desired. So as you seek to more fully understand that which is known to you as karma, you must know that there is a deeper meaning than what you have been led to understand. Let this become part of your understanding at this moment. This one would come now to ask you to seek after peace. Seek after a right decision. And know that when you make that decision, your heart and mind will feel at peace because it has been made with the assistance of the Spirit Within you. You are precious to those of us who are here in Spirit. We come here to encourage you, to give you our Love, to give you our assistance. Know we surround you at this moment with an Energy that can be felt by you. ..Allow it to become a part of you; and know that even as you leave here, this energy becomes a part of your very being and will translate into those actions which are necessary for you in this Earth Life. Be at Peace. Go in the Love of the One who is known to you as the Creator. Amen.
