

April 17, 1993

JEY is here and your thoughts are known. Know that JEY has come with the intent of helping In your life for indeed at this time it is of much concern and anxiety as you prepare to make the transition to a new home. Be aware that those of us who are in Spirit rejoice that you now have the opportunity to once again find peace within your life, for indeed the home which you, have purchased will be a place of peace and love, and you will find the time that is needed for the work of the Spirit. Know that JEY comes with love and will tell that the exchange of property will take place as promised. JEY can tell that in the immediate future, as JEY can see, it will come to pass.

At this time JEY would ask that you be willing to allow one to come to you who has talked in the times past, to give you additional information. Be at peace. (I sought to do so if it were in God's will, and if I were to receive Truth.) So be it. Know that you are Indeed one of great privilege to be in a time of communicating once again with Spirit. What this one comes to tell will be of value to you and others who have come as OMEGA.

AMEN! Allow this one once again to identify to you as a Messenger from the Creator and know that as the idea of a messenger comes to you, there Is the knowledge that only Truth can be given. And so this one comes in the will of the Creator and for the glory of the Creator. Be at peace!

First, let it be known that many who are OMEGA are questioning the possibility of an Earth change that has been told to OMEGA. This one would ask that you once again be an instrument for Truth and allow those who are OMEGA to receive this Information.

There has been occurring upon the Earth many changes in the physical makeup of the Earth and also in the hearts of unkind, for as the Earth begins to change it is affecting the attitudes and dispositions of mankind. This is unavoidable inasmuch as the human body consists of the matter of the Earth and therefore Is victim of those things that happen on the Earth. Witness the changes that come within the body at various phases of the moon, for indeed it does occur even as other cycles of the Earth bring changes to the human body.

What this one wishes to communicate to you and to OMEGA is this. Begin to prepare now to more fully understand the information that can be given through the thought process. Know that the one who is channel will be asked to share with you an experience that has recently occurred in this life and it will affirm that indeed it is possible and not unusual to obtain prompting from Spirit. (Note: I will relate this story at the end of the contact.)

Again, allow this one to reiterate that the Spirit within each of you is indeed a strong spirit and does manifest through the Creator and therefore has the power and ability to communicate with you when you so allow. This is not what you would call a miracle but simply an event that can occur because of Spirit. If mankind, with all their earthly wisdom, would stop and listen, for the promptings of the Spirit, there will be no strife and no violence upon the Earth an all would live in harmony. But those of us In Spirit look within the events of the Earth at this time an see a strong will among groups that are seeking for strength and control over many who are spirit-in-body.

Exercise your right to be led by Spirit and allow others to know that it is within their realm of activity to do so. If you each could simply testify to the Truth of Spirit and share with others who are at this time being denied Truth, you will find that you will be strengthened In Spirit, for as you allow Spirit to lead you, you in turn become strengthened in mind and body.

Allow this one who comes as Messenger to further tell you that in the days to come there will appear a sign in the sky that will herald the beginning of the final change on the Earth. What this one would say Is this. . . Look within the stars, for there will begin to experience a change that will be an advance warning of the changing that is to cone. In other words, among the Stars there will appear a signal. a warning. . .not of a spiritual nature but rather of a physical nature for even as the Earth will experience a change there will be an opposing change within the Universe that exists.

There is a law of nature. . .for every action there is a reaction, and so It will be. Understand that this one who comes as Messenger does not advocate that you spend each hour peering into the heavens, looking for a sign; but that you be alert, for indeed those who are learned in the actions of the stars will begin to take note of a change and will allow it to be known throughout the scientific world. As. you then become aware of such, you will feel led to more seriously prepare for the events of the future. In other words, prepare for your responsibility as Spirit-in-body on the Earth plane at this time.

You must begin now to sharpen your skill of thought process, for indeed it Is important to you. Know that this one comes in Truth and does come in the will of the Creator.

Give note of this. . . that the one who is serving as instrument for this information does indeed come seeking to know that Truth is being received. The one who comes as Messenger does now confirm and does verify that what

has been given is Truth; and the one who is guardian of Spirit for the one who is instrument has indeed allowed this one to come in Spirit to provide information. Be at peace, know that time is near, and prepare for that which you must do. In other words, your time upon the Earth has now culminated in that which you came to Earth to do. Go in peace and seek daily for information from Spirit Within. Know that you are in the will of the Creator. Go now in peace and serve the Creator as you came to Earth to do. Go In Love. Amen.

JEY returns and would ask that you be aware of the Truth of the message which you have received. JEY comes with Love and does indeed come In the will of the Creator. Know that what has been given is in the will of the Creator, and that as you proceed in time ahead, you will become aware of the prophetic message that has been given. Be at peace with that and know that JEY will come again.

At this time now allow JEY to open the communication for the one who comes as JOHN for indeed it is the will of the Creator that JOHN continues to give information that will be helpful to others. Go in Love. Be at peace.

JOHN comes and is here because It is the will of the Creator that it be so. Be at peace with that and know that JOHN will at this time seek to give information but would first say this. . . that in your life on Earth at this time you are undergoing much stress; and JOHN would ask that you take time for rest for it is important. Be at peace and know that the exchange of property is taking place as told and indeed all will work according to the will of the Creator for your life. It is known that you are now able to express joy about the change, and it was necessary that such time would come in your life. JOHN will continue to be in your life and will indeed enjoy your new location as we communicate!

At this time now allow JOHN to give this information of value. JOHN would discuss the topic of responsibility for it is at this time that those who are OMEGA will be required to exercise responsibility. There are many on the Earth plane who are at this time receiving information regarding the coming of the Earth change and it is through instruments such as you that man are being told of such a change. What JOHN would say at this time is that as you prepare to share information with others of OMEGA, there will be an exchange of such information for many others of the Earth plane. thus, the fulfillment of the prophecy that was given in the early beginning of the group called OMEGA.

What JOHN would discuss at this time is this. There will, of course, be many who will doubt the Truth of what has been told; but JOHN would ask that each one would be patient and would assess their own thinking with regard to the purpose of OMEGA. Know that it was not created for the entertainment of any Spirit-in-body but rather for the fulfillment of a purpose; and thus responsibility is a part of OMEGA and it is through such knowledge as you have received throughout the months of receiving information from Spirit that you have been prepared for the time that is ahead.

Allow JOHN to provide some evidence of change as from Spirit. First, know that the Earth is undergoing many violent disturbances within the Crust of the Earth. Know, too, that there are many changes taking place in the climate of the Earth because of such disturbances. JOHN would point out the problems being encountered because of the upheavals of the Earth called volcanoes, of the disruptions called earthquakes, of the changes taking place In the atmosphere which threaten the very existence of life on Earth if they continue to advance. Mankind is indeed living in perilous times and it is necessary that a change take place that will return the Earth to a stable position.

What JOHN would like for you to understand is that indeed the message that was given to you regarding the changes of the Earth affecting the inhabitants of the Earth is indeed Truth. Begin to take note of the violence throughout the Earth. . . the hatred. . . the lack of Love and patience with others. Know that there will continue to be such, and all of the participation by other countries in the affairs of troubled nations will bear no fruit, for the events that are taking place are beyond the control of man unless they listen to Spirit Within for guidance.

Understand that many have not had an opportunity to know of the Love of God and to understand the meaning of their existence on Earth; and so the violence and destruction will continue. And what If your own country would intercede by causing more violence and killing In order to attempt to stop such violence within a country? Can you not see the Inconsistency of this? Why cause violence to end violence?

JOHN asks that you be alert now to the changes that will herald the coming of the change and know that JOHN will continue to help in your life. JOHN would also encourage you to begin sharing the messages that have been given for indeed it is important that you do so. Be at peace and know that JOHN comes in Love and will again affirm that the information that has been given is Truth. Accept that and seek for the Truth within your own Spirit and know that you will become aware as you seek to discern the Truth of this information. Go now in peace and know that JOHN will talk in the days to come. Be at peace. Go in Love. Amen.

JEY returns and would ask that you continue in your efforts to advise others through dissemination of

information. Go now in the Love and Peace of our Creator. Amen.

The following is the incident to which the Messenger alluded

I had been with my sister in Northern KY while she was taking a chemotherapy treatment. On my drive home, between Maysville and Flemingsburg on a two—lane road, an approaching car suddenly came into my lane. My sudden reaction was to turn my wheels so I would go to my right onto the wide shoulder of the road. At that instant I received a command 'NO' and without hesitation continued ahead in my lane, with the other car coming toward me. Suddenly, the driver took the shoulder on my side of the road. . .where I would have been had I not listened to Spirit. That evening in contact with JEY I was told that had I not listened to Spirit it would have been a fatal accident.
