## June 23, 1993 — Topic: Review of life on Earth in this Lifetime

This one comes as Messenger of the Creator and does come in the will of the Creator to help you prepare for that which is to come. Allow this one to bring to you a brief review of what your life has been on this Earth in this lifetime.

First, you came to Earth for a purpose at this time. That purpose was to find fulfillment in your preparation spiritually to serve as an instrument for the Creator during a time of great need on the Earth Plane. As a result of that, your footsteps have led you to search and then accept that for which you were seeking. They have led you to examine your own understanding of things spiritual. They have led you to seek the comfort of others of like mind. They have become for you a vehicle for understanding and for accepting the knowledge that has been made available.

It is known that your lifetime has been one of fulfillment, for it has been in this lifetime on Earth that you have been able to use those knowledges from past existences to more fully understand, while you are spirit—in—Body, the things of Spiritual value. And what have those things of Spiritual value been? This one can tell you this... .that of all the information that has been given, the most important has been the information that has provided for you the awareness that indeed your Spirit Within is of the Creator and thus can empower you to understand and to accomplish much that could not have been done otherwise. It has enabled you to overcome fears and barriers that would have been insurmountable otherwise. In addition to this complete understanding you have been fully imbued with the concept of Love and the importance of Love throughout the Universe. Know that the Love that is such a vital part of you does not simply limit itself to a feeling of closeness to another person on Earth; but it is an all-encompassing intangible that says to you that you are a part of the Creator and that the one who is the Creator knows and Loves you unconditionally, despite your mortal shortcomings... .that the Spirit Within you is non—tarnishable because it is of the Creator!

Know that if you accept fully that your Spirit is OF the Creator and that the Almighty and Eternal Spirit which you call God is perfect, then the Spirit Within must be that of perfection! This does not mean that every action you have taken on Earth in the material body has been perfect. Far from it. But you have learned and understand that there have been no accidents, and every action has been a necessity for you.

This one who is Messenger of the Creator would tell that within the hearts and minds of many who are Spirit in Body, that is hard to understand, for how can it be that many people never commit a wrong in the sight of fellow man while others appear to be totally evil' on Earth? Allow this one to tell that of course if one can follow the dictates of the Spirit Within while Spirit-in-Body and proceed smoothly toward eventual reunion with Spirit again, their lives will be more satisfying for them. However, there are those who have come to Earth for many reasons, and there are those who are deeply affected by the circumstances into which they chose to be placed on the Earth. They are fulfilling their purpose; but they are no less important as Spirit to the Creator than those who have led an unscathed life.

What this one is saying is this... .There are many who are OMEGA who have.. .in this life and in lives past..., been associated with activities that were not above reproach. Yet, you have taken on the responsibility of OMEGA and have allowed your hearts and minds to be governed by Spirit Within. There are others who have been caught up in the violence and hatred of this mortal life and who would wish to know peace that would bring more fulfillment to their lives. At the time when the Earth is to know much change, those who have lived a lifetime of violence and hatred will be in great need of assistance from those who are more fully knowledgeable of our Creator and more aware of the guidance of Spirit.

This one comes to tell that you must open your hearts and minds to attempt to more fully understand ALL who are Spirit-in—Body and be willing to work with all who are Spirit-in—Body. Even as you have been associated with others of like mind and have been privileged to know Truths that would give you peace and comfort, you too must be willing to accept others and allow them to see the Love of the Creator through you. This is to be the main challenge for each of you... that you would be accepting of ALL others when it is time for you to do so. You will not be allowed the luxury of choosing just those with whom you will work; and this must begin now in your lives, for know that within the physical body of every living being on Earth there exists a spark of the Spirit known as the Eternal Spirit. And so to reiterate, this one who is Messenger would say that your importance is known in the name that given... .OMEGA... and that you have been faithful to your vow to serve as an instrument for the Creator during a time when it will be so needed on the Earth Plane; and that Love must be the guiding force that is needed during a time when you must accept all who will need your assistance.
