

MAY 9, 1995 - (group)

JEY is here and is well aware of those who are gathered at this time as OMEGA. Know that JEY comes with much Love and does come in the will of the Creator. Allow JEY to give a welcome to each of you, and allow you to know that there are many who are Spirit in your midst. Be aware that simply because you are Spirit-in-Body it does not mean that you cannot have a time of meditation with those of us who are in Spirit. And so we welcome this opportunity to be with you as you open your hearts and minds to let those things of a Spiritual nature come to you with such force as you may have envisioned at this time. Be at peace and know that we are here because it is the will of the Creator that we be here at this time.

Allow JEY to address those who are here with this bit of information. Know that as you have been discussing those things which have occurred in days past, it is important that you continue to understand the information that was given to you in the time past. Know that as you have gathered at this time you have been much in discussion of that. Know, too, that the one who came to discuss the question in the time past is here at this time and does seek to provide more information. It is the will of the Creator that this must be done. As you are well aware, there is much that is not understood about the one who was on Earth as the man named JESUS. and so it is important that you understand more about that one in order that you may be a more enlightened Spirit-in-Body at this time on the Earth Plane. it is because of your curiosity in this regard that these do come to you to provide information of Truth; and so it is wise that you remain in a time of meditation and allow the one who is to come to be able to communicate through the voice of the one who is known as instrument, in order to be able to give you those things of Truth. If during that time you feel that you need to receive more information it is wise that you withhold questions until such time as that one would ask for such. Be at peace and simply open your heart and mind to receive truth, knowing that if you seek for Truth, that is what you will receive. Be at peace with that and allow JEY at this time now to communicate with that one and allow the one who is instrument to be available to be the voice of the one who is to come. Be at peace now.

AGAIN, IT IS THE JOY OF THIS ONE TO COME TO BE IN YOUR MIDST, and to allow you to know more with regard to that which has been upon your hearts and your minds. This one comes with much Love for each of you and does come because it is the will of our Creator that you be able to more fully understand the life of the one who was on Earth as Jesus. You must be fully aware that the one who lived on Earth as Jesus was indeed a Spirit—in-Body, and was known during this lifetime as the name Jesus. But know, too, that as you have been told in the past, this one was indeed the embodiment of the Christ Spirit in those last years of his life on Earth. And so you now look upon that one as a very blessed individual; but you must understand that the one known as Jesus was only doing that which had been assigned to him to do on Earth during the lifetime in which he lived. You must understand, too, that he was well aware. even as you were well aware before you came to Earth at this time, of that which was to be his responsibility during that lifetime. And so throughout those years upon the Earth that one prepared for that which was to come.. .not knowing fully what was to occur, except that he was to serve as an instrument of the Creator on Earth.., even as each of you serve as an instrument for the Creator, even as each of you serve as an instrument for the Creator on Earth. And so be aware of that... that Jesus knew NOT that he would embody the Christ Spirit, but he knew he must prepare for something to come. even as you are being asked at this time to prepare for that which is to come.

Know that each Spirit which inhabits a body on Earth does return to Earth for a special purpose. Not all, however, are able to open their mind and body in order to allow the Spirit to work with and through them to the extent that they can acquire the experiences for which they came to Earth. Simply know then that as the one who was Jesus served as an instrument for the Creator, you too are serving as instruments for the Creator on the Earth at this time.

What does this mean to you then?? It simply means that your heart and your mind must be open at all times in order to receive information from Spirit.. .even as the one who was Jesus was able to allow the heart and the mind to be open. You, too, must allow it to be so. This should cause some deep searching within yourself, as you are being compared in this lifetime to that one who was indeed Jesus on Earth during that lifetime. It does not mean that you are housing the Christ Spirit, but rather that you are serving the will of the Creator on Earth, even as Jesus served the will of the Creator on Earth at that time. It is important for you to internalize this Information in order that you may be fully aware of the importance of your life on Earth at this time.

And now let us return to the discussion about the one who was Jesus on Earth. As you were told in the time past, that one did indeed embody the Christ Spirit during the last few years of life on Earth. When the Christ Spirit entered the body that was known as Jesus, that which was the Spirit within that body did indeed take leave of the body for that time. In order for the Christ Spirit to work fully through the body, it was necessary for it to inhabit the body. And so it was that the one who was Jesus.. .the reality of that one did indeed remove from that body and return to the Spirit Realm for the time being while the Christ Spirit inhabited the body. This was necessary, in order for the Christ Spirit to be able to do that which was necessary on Earth at this time... .and that was to bring a message to that group of people who inhabited

the land in which Jesus lived at that time. it was necessary that the Christ Spirit appear to those people who were then known as the Jewish people... .In other words, they were inhabiting a land that enabled them to call themselves Israelites.. .and so those who were known as Israelites, which inhabited the land, were a people who had wandered throughout that area of the Earth seeking for that which was to be an embodiment that was to be called the Messiah. And so the one who was Jesus.. .and who did embody the Christ Spirit... .came with the Christ Spirit as the Messiah who had long been sought for on the Earth at that time. But you must understand that those who were known at that time, and were the same race and religion and understanding as Jesus, did not accept that this was the Messiah for whom they had been looking.

And so the Christ Spirit then was not able to draw unto self those people for whom that one came to Earth.. . to encourage to forsake many of the things that they had been learning and practicing upon the Earth, and simply return to a time and a pattern of Love. This was the message that the Christ Spirit brought.. .that it was necessary to Love one another, to Love their Creator, to forego many of the things which they had been taught through the ages, and to turn to an enlightened life on Earth, an enlightened belief. And even as you have turned from many of the things which you have been taught through a **long** lifetime, you in turn now have undergone a change, because you have left behind you many of the things which were man-made and have now turned to a time of enlightenment.

And so it was that the few who turned to the one who was the Christ Spirit embodied in the body of Jesus. . . those who turned to that one were able to then see into the very being of that one and know that this one did come in Love and with much care and did come to change the life they had known for many years. And so the one who was the Christ spirit then was able to work with them and prepare them to become the vehicles that were necessary to carry forward the message that the Christ Spirit brought. As you are aware, those who gave their lives at that time. . . .those that believed. . . .were indeed few in number. But know that God works through those who allow themselves to be used as instruments on the Earth. And so it is that throughout the Earth Plane there is now an understanding of the Creator which you know as God.

However, know again that mankind is a creature of habit; and so those things which were taught during that time now have been changed much by mankind as he seeks to put an understanding of the Creator into a form which is much like an embodiment. This has created much conflict on the Earth between those who are believers and those who are non believers, those who are ethnic groups, those who inhabit certain areas of the Earth. Conflict has emerged because of those teachings that mankind sees fit to put forth to others on the Earth.

Know that this has been the story of mankind's embodiment of the Spirit down through the ages of Creation of that which is called man. Man does not allow the Spirit Within to guide unless there is an interest in seeking for those things of Truth. And yet, even as one learns Truth there is still something within the mental self that says. "I must hold on to something that is not yet made clear to me. I do not yet accept all that is given to me."

This, then, has become that which is filling the Earth at this time. . .a time of disbelief, a time of belief by a few. And yet those of you who are few and who have the ability to open your hearts and your mind, have the ability to change many on the Earth. And so it is that you are able to do that, even as the followers of Jesus on Earth were able to change the face of the Earth.

This one comes to allow you now to know something of those years of Jesus on Earth that is not recorded in the history which you call your Scriptures at this time. Know that as the one who was the child Jesus grew, it was necessary for him to leave the area in which he was living in order to learn more from more advanced teachers on the Earth. And so that one was enabled to travel because the ones who were his Earth parents allowed him to do so. It was necessary that he travel to other known countries on the Earth at that time in order to be able to experience life with people who had learned from other teachers on the Earth. And so you must know that the one who was Jesus did indeed travel and did indeed learn and experience much during those years on the Earth. He was able then, at a later time, to return to his homeland on the Earth, prepared then to allow the Christ spirit to enter the body known as Jesus. And know that with all of those experiences, much as the experiences which you have had on Earth, those experiences helped him to be open in order that the Christ Spirit could work through him and with that body known as Jesus.

You must understand that even though the Christ Spirit lived within that body, the mental self of the one who was Jesus. . .the intelligence of Jesus. . .remained with that body; and so the one who came as the Christ Spirit had to work with that body in order that the Christ Spirit might be able to influence others on the Earth Plane.

It is known to this one who comes to you that indeed the Christ Spirit was able to fulfill the mission on Earth; and that was that it was able to gather to the one who was Jesus those who were willing to go forth throughout the Earth and allow Truth to be known. And the Truth was this. . . .that indeed there is a Creator of all, that indeed there is the Christ Spirit, that indeed all others are Christed beings (in other words, that which is the Spirit of the Creator does live within each one), and that indeed all will return to the Creator at some time.

You must understand that during that time known to you now as the Passion. . .during that time the one who was on the Cross as the body of Jesus did indeed embody that which returned at that time as the Spirit of Jesus. You must be willing to accept this, because it is Truth. As that Spirit returned, it was with great agony that the one went through the horrible decease that did come to that one as the body was put on the Cross. Indeed that was the mode of death for many on the Earth at that time.. .those who were in a time of ruling considered that the only way to kill those who were Jewish and had done what they foresaw as a crime. And even though the one who was Jesus had committed no crime, it was felt by those who were against him at that time that it was a fitting form of death of that body.

And so the one known as Jesus. . .and Spirit of Jesus. . .did indeed hang on the cross. And the Christ Spirit did indeed forsake the body at that time because it was necessary for the Spirit of Jesus to experience the death of that body at that time.

This one may tell you that you may have difficulty accepting what you are learning at this time, and it is so important that you allow your Spirit within you to be open at this time in order for you to accept what is being given. It is with Love that this one comes, and can tell you that because this one was in the presence of the life of the one who was Jesus, and because this one did follow that one to the Cross, this one can tell you that there is much Love still within this Spirit for the one who suffered as Jesus. . . .because, that was my son.

This one comes now. . .because the one who is instrument has felt the pain of this one, and this one will say to you be at peace with the one who came as the Christ, be at Peace with the one who was Jesus, and know that this one did serve as his mother on Earth and is in your midst and does come with much Love for you. Go in Love and know this one does come with much Love and much Joy to be with you. Go in Peace.

JEY returns and would ask that the one who is instrument now would simply allow JEY to let you know that you have been blessed at this time. Be at Peace and know that JEY understands that you no longer can continue in his time. Be at peace. JEY will talk in the day to come. Go in Love. Amen.
