

June 13, 1996

JEY is here and does come with much love for each of you. You have been in a time of discussing those things which have great value to you; and JEY simply will come to confirm that hat you have been discussing is Truth. Know that we who are in Spirit and who are gathered here with you at this time have indeed given a blessing to your discussion.

You must understand that as we come in Spirit, it is simply for the joy of helping you become more aware of those things of a Spiritual nature, of those things which would increase the knowledge of your relationship with that which is our Creator. We rejoice in that, even as you. Know that as JEY is here at this time, there is a purpose, as always, for JEY to be here to communicate with you. As has been told to you in the past, there are many things which you must yet learn, and so it is that JEY is aware that there are many who are in Spirit and who have a desire to communicate through the voice of this one; and yet, it is necessary for the one who is JEY to continue to be Guardian of Spirit for this one that few are allowed to enter.

You must be aware that even as one comes to communicate through the voice of this one, JEY has so allowed it to be. Know that as Guardian of Spirit for this one, JEY has the responsibility of guarding the Spirit that inhabits the body, and you must e aware that even as this one is guarded, you too have that which is a Guardian of Spirit who is responsible that your Spirit not be tainted by those actions upon the Earth Plane that would injure it. And so JEY would ask each of you to call upon your Guardian of Spirit to be with you, to continue with you in your journey as you now seek after those things that will enlighten you, that will become the source of awareness for you.

JEY comes now to allow another to communicate. Be at Peace and know that there is a need for that one to communicate, and you will be given a symbolic name that will have meaning perhaps to many of you who are here at this time. It is necessary that others come to communicate information to you that will be of a one-time nature, and so it is at this time. Be aware that you, in your searching, call to this which is OMEGA a sense of knowing that can be brought to you by others who come in Spirit; and so it is that JEY would allow another one to come and communicate with you. But know that it is important that you continue to be in a time of meditation. The energy that is formed during a meditative time for each of you does have great bearing on those who come to communicate with you. It is important that you know that the energy of that meditation does indeed allow others to come to you and to be able to use the voice of this one who serves as instrument.

And so JEY does at this time give thanks that one is coming who will bring to you now the knowledge that will benefit you in the days to come. Be at Peace with that.

THIS ONE COMES NOW IN THE WILL OF OUR CREATOR. THIS ONE COMES NOW BECAUSE IT IS NECESSARY.

You who are here at this time have a need for a knowledge that you have not yet gained, and it is the privilege of this one to come to be with you. Know that it has been allowed to be so through that which is Gatekeeper for OMEGA.

This one comes with the knowledge that each of you here now have your feet firmly planted upon your Spiritual journey; and it is with great joy that this one comes to continue to give you information that will help you in that journey. And so as the one who is instrument is willing to allow this one to communicate through her voice, it is known that there is now an opportunity for this one to give information that will help each of you.

As you are gathered here at this time, it is known that there is now a necessity for each of you to be further apprised of that which is to be in the future. It is not often that those who come to you in Spirit have the opportunity and the responsibility and the privilege of being able to inform you of something that is to occur in the future. As a result of that, this one must of necessity inform you of something that is to occur in the future. And as a result of that, this one

must, of necessity, give you a name that can be used as you communicate to others about this message that is to be given to you. Simply know this one who is here now in your midst in Spirit will use a name that may not be familiar to you...and yet should have meaning to you Spiritually. This one comes to address you as one who in a past life did embody the one who was the Christ Spirit. Know that you have been discussing such during this meeting; and this one comes now to address you from that point of view that one had during that life time and does now have the privilege of seeing into the future.

This one comes and will simply address you as one who was known in the past and one whose name has been used in the present, and one who will be instrumental in the future. And so this one will address you as one on the Earth as **ZOROASTER. Accept this. It is Truth.**

And so as that one even then was blessed to embody that which was the Christ Spirit, this one comes now to your midst admitting to you that you have been selected to be recipients of information that can be given in Truth and can be shared with others who are OMEGA, **and must be shared with others who are OMEGA.**

As this one now has the privilege of seeing into that which is the future of mankind upon the Earth and seeing into the future that which is to take place upon the Earth, this one would advise you **that the time is near now for those changes to take place upon the Earth.** Those of you who are OMEGA have been addressing this for sometime, and you have been showing an interest; but yet, not that which is a curiosity that would lead you to search further as to the nearness of that which is to occur. And even as that one who was in body as ZOROASTER now has the opportunity to talk to you, it is from the viewpoint of those things that have occurred upon the Earth Plane in ages past, as relates to that which is to occur.

There has been much written by those who have an interest into looking into the past about Earth changes that haven't taken place during the eons past. Know that indeed that which is to occur will relate to those Earth Changes inasmuch as those Earth Changes did indeed require that portions of the land that were inhabited at that time would change place with those lands beneath the waters that did arise. And so it shall be at this time. **The time is near. Changes are occurring within the Earth at this time that will herald the beginning of the Earth Changes.**

This should not be a concern to you inasmuch as you have been told of your purpose upon the Earth at this time. You are preparing. You are to know that which is being revealed to you at this time is of a necessity. And so it is that this one who comes now to tell you something of the future will give you an insight into that which you need to know.

As you sit here, very peaceful in this place which is provided for you to meet, it is with an understanding that you now are more aware of your relationship to the Creator...that one who is the Eternal Spirit. And so you feel at peace with that. It seems at this time a far-off event to dream of not longer having the opportunity to meet in a quiet session, such as you have known at this time. Indeed, the time is near when each of you will be called upon to help in the area in which you now live. You will find that there is to be an opportunity for you to bring peace to the hearts of many who will be affected by the changes that will be affecting the Earth.

Know that as the Earth Changes approach now, the time where many portions of the Earth will be affected, you must understand that as a result there will be many returning to Spirit. But know they are being prepared for that. They are being prepared, and they are accepting within their Spirit that they are indeed now ready to leave the Earth Plane. It will not come as a frightening event for those who have so prepared, but know that it will be that which they consider their destiny upon the Earth. They will accept it.

And those of you who have accepted and who have come to Earth knowing that you are OMEGA, that you chose to be here during this time to help others, you too will be accepting of those changes that are to come. Know that the opportunity that you have had to learn of the very Spirit With you and the nature of that Spirit...the Reality of that Spirit...know that Spirit will guide you through what is to be.

Be not fearful for those you love. Your Spirit will be able to communicate with their Spirit, and in turn give them the Peace that is necessary for them at this time of change. This is Truth. Know that as this one comes to you, it is with the knowledge that such is to be. And those things that you can share with those who are in your love at this time will indeed bring to them a sense of being that they will fully understand. Believe that which is Truth. You need not be fearful of sharing with those whom you love.

It is the knowledge of this one who comes at this time that as the Earth begins now to experience the changes that are to take place, know that there will be those things that have been predicted, those things that have been prophesied to you, and of which you are aware. There is a new beginning of those things of a nature...a physical nature...within the Earth that will prompt that which will be a shaking of the Earth. In other words, as you begin to experience more in the way of those things that you call earthquakes...in other words, changes within the Earth that cause a shaking and a quaking of the surface of the Earth...as you experience more violent storms that are occurring upon the Earth, you know now that this is the beginning of the Earth Changes.

Be not fearful. You are aware that these things were to occur. You are aware that you are provided with the protection that you need. And so you simply need to be prepared for Spiritual preparedness and physical preparedness. You are to gather to self those things that will provide for you the necessities that will keep the physical body living and functional. This is a necessity. **Begin now. It is time. It is necessary.**

And so it is that as this one comes, you are being given a well knowing that it is now time for these things to begin. This one comes in Spirit with knowledge of that which has occurred in the past to tell you what to expect in the near future. By near future, this one would say for you that it is now a matter of months.

There will be occurring upon the Earth Plane, within months, that which will be the disaster for which you have been prepared. **Months can be few or can be great in number; but know that you are not to think in number of years in the future, but rather in a time of months.**

It is important for you to give credence to this which is being spoken to you, knowing that this one has been allowed to speak to you through that which is the Gatekeeper for OMEGA, and knowing that what is spoken to you has been Truth...because it is the will of our Creator that only Truth be given to you who are OMEGA. Accept this. This one comes with a sense of urgency; this one comes with a sense of the knowledge that you are aware, and this one comes to advise you. **IT IS TIME TO BE READY FOR THAT FOR WHICH YOU HAVE BEEN PREPARED.**

Those of you who are at this time are supposed to be here. You now have the opportunity to inform others of this visit which has been made by this one who comes to your midst. It was necessary for you to talk about that which has been lifetimes that the Christ Spirit did experience before this one was able to come to you. That was in the plan that had been set forth; and so you were led to ask that question, you were led to experience this which had been brought to you at this time.

There is at this time an opportunity for each of you to know what is expected. It has been given to you. And know that there will be few times for you to have an opportunity for others to come before the final event. **That is promised to you at this time.**

This one comes now to again advise you that this one has come in Truth. This one has come because it is the will of our Creator. You have been advised; you have been prepared. Know as you have heard this message, it is important for you to understand that what is to occur is a physical happening upon the Earth...a physical change. This is not a Spiritual happening upon the Earth, but mankind will seek after Spirit when this occurs. You can be assured. It sometimes takes events such as this to awaken mankind to the need of that which is a closeness, an awareness of his or her Creator. There is a necessity for you to understand that. Following

this which is to be a physical occurrence, there will come a time of Peace upon the Earth, for mankind will turn toward a Spiritual understanding. **That this is to be!**

And so you have now the information that this one can bring to you. Accept this. Know that you are ready to receive it. It is a necessity for you at this time; and this one goes now with the understanding that it would be wise to give you a blessing at this time. Even now this one would ask the one who is the instrument for this voice to raise her hand; and from her hand will be allowed to go an energy that can be given through her body at this time that will surround each of you. It is known that it is important each instrument indeed be able to serve as an instrument through which energy can be given to you. And so it is that this one now is allowing that to be given. Accept this. Know that it has been given in Truth and for the good of each of you who are here. Know that this one has come in much love for each of you, and has come asking that you be at Peace and be in the knowledge that this one has been here because it has been allowed by the one known to you as JEY. Go now in Peace.

JEY returns and will advise you that what has occurred has been the will of that one who is our Creator. You must accept what has been said. Know that your Spirit Within will allow you to know that what you have just heard has been Truth. Do not be fearful, but be thankful that you are allowed to be privileged to hear this information. Be at peace. Know that JEY will remain in your life; and if at any time you feel fearful, simply ask your Spirit Within to help you hold within self that which is the message that has been given to you, and do it without being fearful. Know that your physical self does at this moment find this almost incredible to believe; and JEY is aware of that. But know that as that one has come in Spirit, you can understand that one has come with much power and with the knowledge that it is the will of the Creator. Be at Peace. Go now in love.
