JEY will indeed come again to communicate and does give thanks for those of you who are here. Allow JEY to say that JEY has always come in the will of the Creator and does indeed come with much Love for those who are present, and it has always been an affirmation to you that what JEY is to you is a bearer of news that does help you and does provide for you an opportunity to access that knowledge that will help you to become strengthened in Spirit. And so it is that as JEY responds now to your presence, it is for a further strengthening of Spirit that JEY does come.

JEY has been present here during this time together. .of being together.. .and JEY is aware of your thoughts and of those things which have been discussed. JEY would say to you to simply pay heed to what has been told to you in the past. Hold these words near to you and dear to you, for indeed **all that you have received has been in the will of the Creator and it has been tested for you to know that it is truth.** It is important for those of you who accept the presence of JEY and accept the presence of others who have come as teachers and as messengers... it is important for you to accept them as Teachers of Truth, as Messengers of Truth.. .for so it has been. There has been a tendency upon the Earth Plane at this time for many to be host to those who do not necessarily bring Truth, but rather to bring that which would please others who would be receiving messages from Spirit. Know that has not been what JEY has been about. JEY has come to work with those who have agreed to be OMEGA upon the Earth during this time In the history of the Earth. And so it is that JEY has been given the mission of bringing Truth to each of you who have gathered as OMEGA. And so you can be assured of that which is Truth when you allow JEY to come and communicate with you in these gatherings which you have.

Know that as JEY brings Truth, JEY allows others to come to bring Truth. And so JEY has accepted the responsibility of being that which is a **gatekeeper.** And so as Gatekeeper for OMEGA, JEY is fully responsible for **allowing** others to come to communicate with you. And as a result of that, you have been given many Truths that have not been available to others upon the Earth Plane who do not ascribe to the same method of learning and of receiving knowledge. And so JEY would ask you to be at Peace at this time, to know that you are indeed fully prepared for what lies ahead, but that you must not let down your guard. You must continually be seeking after Spiritual awareness and Spiritual strengthening. And know that each time you seek, it provides greater stamina for you as you prepare for that which is ahead.

JEY would access this bit of information for you as well. As you now are well aware of the nearness of that which is to be Earth Changes, know that it is important for you to understand that YOU as an instrument upon the Earth will indeed be that which would serve the purpose and the will of the Creator upon the Earth at this time. In other words, you can number yourselves among many upon the Earth who have gained what you would call 'sainthood' upon the Earth. This is not to cause you to feel that which would be a pride, because that is not what you are about. Rather it **would cause you to feel that you are here to serve the will of the Creator.**

And as all who have been named to the high role that they have assumed as that being a 'saint'...or rather to put it more simply, a **special Spirit upon the Earth,** so are you a special Spirit upon the Earth. Do not accept this as high praise, for indeed it is not. It is that you are simply fulfilling a role which you have agreed to serve upon the Earth. And so you are now achieving that which is the fulfillment of a role that you have agreed to serve.

And so it is that JEY gives thanks that JEY has been a part of your life while you are Spirit in Body, and JEY can say to you that JEY has been known to the one who is voice for many eons for Indeed we did live in lifetimes upon the Earth. It seems that we have been destined to be one for the other and vice versa from the Spirit Realm to life as Spirit in Body. And know that this one who serves as voice has not been well aware of this before, but only of one lifetime together! And yet there have been many lifetimes where we have served each other. And so as we have come down through the

eons, this one who is JEY rejoices for the life of this one who Is voice as Spirit in Body and would tell her that she has indeed fulfilled that which has been a necessity for her upon the Earth at this time. Even so, each of you have fulfilled that which has been your destiny upon the Earth. You will remain to be here during the time where each of you are needed badly; and know that as you are prepared now, you will be able to reach out, to help others, and give them the guidance they need, to give them the courage that they need during a time where it will look as though there is nothing to live for. You will be able to do that; but you must continue to call forth your Spirit, you must continue to ask for help of those who are in the Spirit Realm. And yet, know that you within your physical body have the power, have the strength, to do all that is necessary. Remember, it has been told to **you that the reality of you is of our Creator. Therefore, you have the power the will and the understanding to do all that is necessary.**

Be at Peace. This one gives thanks for the opportunity to again come **to you and** talk with you; **but know that those tines are few in the future. You will be — guided fully by your Spirit Within, and so it should be for it is now the time for that Spirit within you to be the guiding force within your life. Accept that. Know that you remain In the Love of JEY.** **Know** that there are many within the Spirit Realm who hold out their **own Spiritual** Strength to you, that you may be enabled to complete the fulfillment of your role. Be at Peace. Know that you have learned Truth, and you will continue to learn Truth. Go now In Love. AMEN.
