

## November 4, 1998

JEY is here and does come now in the will of the Creator, with much love. Know that as you have been here and in a time of discussion there has been much truth learned by each of you. And as you are able to look within your own self, that which is your heart and your mind, you have been able to discover much about self. And so it is with joy that this one comes to advise you that even as you sit here at this time, you are now a much wiser individual than you were when you came to this meeting. Be at peace with what you have learned about self and that which you will learn about self, for this will be an ongoing time of learning for you now as you allow your spirit to give you the guidance that you need each day of your life.

At this time JEY comes to address one individual who has not had the opportunity to receive that which is knowledge of spiritual strength and that is the one who is here as Donna (S). It is now an opportunity for that one to learn that which will be beneficial to her. And so at this time JEY would once again invite the one who is ALLA to come to be in your midst.

ALLA is here and ALLA comes now to greet you once more, for it is indeed a privilege for the one who is ALLA to meet with those of you who are OMEGA. Understand that as ALLA has been able to come and give you information that has had an impact on your very being, know that it has been because it is the will of the Creator that you receive such information. And so as ALLA now has the opportunity to once again be here to share with you and give guidance and love, as well, to one who is here as Donna, be aware that the information will have an impact upon her life as well.

ALLA comes not because it has been sought after at this time but simply because it is a necessity for that one to learn that which is so important for her life upon the earth at this time. ALLA comes as a teacher for OMEGA and will address the one from that viewpoint. Know that as ALLA has come for these many years now to give information through the voice of the one who is allowing voice to be used, there have been times where ALLA has been able to help those who are spirit in body. And so at this time ALLA would simply as you who are known as Donna to open your heart and mind and receive information that will be given.

ALLA comes with the knowledge that you have been awakened to the spirit within you in a time many months ago. Know that as you have been a member of OMEGA you have been aware of those truths that can be brought to you through spirit. You have been able to listen to those things of truth and you have been led to learn many things to help you bring relief to many who come into your presence. Know that as you have the ability now, you must use it for the glory of the Creator for that is where your ability comes from. You have taken the time to study; but if it were not for that which is the inborn ability within you... that which has been a gift to you in this lifetime upon the earth...you would not be able to achieve that which you wanted to achieve. And so ALLA would come to say that as you now are one of much strength upon the earth..., one who has abilities that are beneficial to many upon the earth... it is wise for you to look upon those things as those which would be gifts of spirit. You have additional gifts of spirit as well, for you have been able to give love to those who are in your life and who have great meaning for you; and that love has helped them then to deal with the life which they have upon earth. You have been blessed with motherhood upon the earth and that has brought you great joy and blessing as well. You have within your reach now that which is the ability to serve upon the earth as one who can fulfill your purpose, one who can complete your journey upon the earth without hesitation., for you have gained knowledge, you have gained ability, and you are aware now of that which is gift. It is important for you and all others who are known now as OMEGA to begin to recognize those spiritual gifts and strengths that you have in order that they may be ready and available at a time when they are going to be needed upon the Earth. Give no thought to your own welfare at this time but rather that which will be the welfare of others who will come to you.

It is important that you have at this time an understanding of that which is gift and understanding of that which is spirit, and understanding of that which is knowledge which has been given to you... to all of you who are here as OMEGA. Share your gifts, each of you, fully with others. Know that as you are here in this group known as OMEGA you feel very safe in discussing those things of spirit. But know that as you go forth into the area in which you live, there are those who do not fully understand the gifts which you have. It will be your duty and your strength that will help you to share with others so they will be accepting of the gifts that you have to share. As it has been said by others who have come to you and taught you, it is important that you use that gift. You have known this throughout the years of your life... that if you have learned something it is necessary for you to teach another in order to make use of that which you have learned. Otherwise it becomes useless for you. Knowledge is not all that is necessary. It is the use of that knowledge, the sharing of that knowledge. Otherwise it has no meaning for you. And so at this time ALLA

comes to address each and all of you who are OMEGA and allow you to know that ALLA has come with love and has come for a purpose; but if you do not complete this as a recipient of a gift, you must understand that if you do not use the gift it will be of no avail. And so it is your responsibility at this time to hold forth the gift you have received, bless it as you would ask to be blessed, and then make full use of that which is within your holding... for indeed as you hold forth a gift it becomes that which you have blessed, it becomes a gift that has been dedicated to the purpose for which you came to earth, and it has been dedicated to the glory of the Creator. May it always be so with you. And so at this time ALLA simply comes to ask that the blessing of the Creator be upon each of you, that you will be at peace, and that you will find great joy in each day of your life upon the earth; and more joy especially when you have an opportunity to share your gift with others. Go now in peace.

JEY returns and would ask you to accept this which has been a message from the one who is ALLA, knowing that ALLA has come in the will of the Creator and does come with much love for each of you. JEY is blessed, too, at this time for JEY does indeed receive the blessing even as you do, as ALLA comes to work with you and share with you. Know that JEY continues as gatekeeper for OMEGA and will continue as it is a necessity upon the earth at this time. Be at peace. AMEN.
