

April 30, 2000

JEY is here and does come with great joy, for it is at this time that JEY has a renewal of an opportunity to be in your midst. And so as JEY is here, JEY would ask others to be here in your midst in order that you may feel their love and Spiritual energy that can be given to you during this time of meeting.

It is important that each of you have been here at this time, for what you have learned during this time of meeting does have an impact on your life. You must know that as others who will come to read the information that is to be given during this time of meeting will indeed take from those things that which is needed by them in this life as well. It is important that you accept that JEY is here, that JEY will allow another to come. But first, allow JEY to say this. There is within your lifetime upon the Earth at this very moment an opportunity to send forth your thoughts to help others. You have done that in this time of meeting, and JEY wishes to explain this. As those thoughts have gone forth, they have impacted those for whom you have prayed. It may not be that all things which you asked may come to pass, but rather the fact that you did remember those in your prayers and thoughts will have an impact on those who were named. Simply allow your thoughts to continue to be sent their way in order that they may be given the energy that is necessary for them to overcome a time in their lives that is difficult for them during this lifetime. And so it is that JEY would ask you to keep that in your heart and mind, knowing that prayers are never wasted and that they do indeed help those for whom the prayers are sent forth. And so at this time JEY now would allow another to come to be in your presence and communicate with you through this which is the voice.

IT IS NOW THE WILL OF THE CREATOR THAT THIS ONE BE HERE IN YOUR MIDST AND HERE TO COMMUNICATE WITH YOU. It is always a blessing when those of us in Spirit have the opportunity to communicate with those of you who are Spirit-in-Body; and so it is that this one now has the opportunity to come to be with you for this first time as you are Spirit-in-Body upon the Earth.

It is the knowledge of this one that this one is here to give you information that would be of importance to you. Allow this one simply to identify in this way. As you have known this one in the Spirit Realm, your Spirit has come...the reality of you...has come to be on the Earth at this time as that which is Spirit-in-Body; and this one was indeed aware of your coming. There was great rejoicing in the Spirit Realm at that time. And so this one will simply say to you that this one comes as an additional BRINGER OF TRUTH FOR YOU and does come with the knowledge that we have been known to each other while in the Spirit Realm and that your Spirit Within you will rejoice at this time for that which is the presence of this one.

As you have been in a time of looking within self, of attempting to understand more fully that which is your Spirit and the work of that Spirit Within you, and what you as a physical being may do in order to help your Spirit attain those experiences for which it came to Earth, know that you have been able to accept more, you have been able to give your thoughts to that which is necessary for you during this time of meeting. What this one wishes to say to you at this time is this...that there is upon the Earth at this time that which is taking place which will impact you and your beliefs upon the Earth. There is much now in the way of mistruth being given throughout the Earth. You must understand that it is to your benefit to ask each day of your life now to be able to DISCERN THE TRUTH OF ALL YOU HEAR AND OF ALL YOU SEE UPON THE EARTH. THERE ARE THOSE WHO ARE SPIRIT-IN-BODY WHO ARE NOT IN A TIME OF SPIRITUAL GROWTH WHO ARE SEEKING TO NOT ONLY CONFUSE BUT ARE SEEKING ALSO TO CONFOUND THE THINKING OF THOSE WHO ARE SEEKING AFTER SPIRITUAL GROWTH AT THIS TIME.

And so at this time this one comes to advise you that you need to be very aware of accepting those things that would in fact betray your understanding of spirit at this time. There are many upon the Earth who seek not to do the positive things but rather to do those things which will have a negative impact upon mankind. It is known to those of us in Spirit that in fact the Earth is getting to be a very dangerous place for those who are Spirit-in-Body, for as you are aware there is much in the way of violence taking place. There is much in the way of mistruth being given, and there is much in the way of doubting that is now taking place as well. Many who have great faith in the Creator of All Things now are beginning to doubt that the Creator is in fact in charge of this which is the Earth. You must never doubt those things that you know to be truth. You must never doubt the Creator of All Things, for you have been told that there is indeed One Who Is, One Which Is the Creator of all things within not only this Universe but all Universes which exist. That which you call God, that which is known as the Creator of All Things is indeed the Eternal Spirit that does have the ability not only to Create but also to control. This does not mean that all who are Spirit in Body are forced at this time to recognize that indeed there is a Creator of All Things, but know that they have within them that which is a spirit that is of the Creator that can help them to fully understand. Yet, they have not sought outside that which is their way of thinking. They have not had the guidance that you have had on the Earth at this time. Be aware that it will behoove you to simply be cautious about what you will be encountering upon the Earth at this time. Look for that which is good. Look for that which is right. Know that as you have been given that which is Truth and the ability to discern Truth, you will be able to see beyond the mistruths that are given by many upon the Earth.

This does not only affect those who speak in the name of religion but often those who are our leaders upon the Earth at this time. You must be aware that this is a crucial time for you to live upon the Earth; but then you were aware of that when you came to Earth as Spirit-in-Body.

What this one would ask you at this time is that you simply intensify your efforts to become so spiritually strengthened and so spiritually aware that you will not fail to see those things upon the Earth at this time that would retard your Spiritual Growth. Simply spend the time in meditation each day. Send out your prayers and ask for the assistance of those of us who are in Spirit. And know that even though there are those who would mislead you and others upon the Earth; still they have within them the Spirit which is of the Creator, and that Spirit has indeed been imprisoned within those physical and mental bodies that will not allow an openness that would give the Spirit an opportunity to progress while upon the Earth Plane and enjoy the experiences that would help it to progress. Such is not the will of the Creator that it would be so, but even as you have been taught, you are aware there are learning experiences throughout the Earth Plane and you have encountered some of those experiences that have been of little use to you as far as your Spiritual Growth is concerned, but which you have used in a positive way that would help you to allow your physical body, your mental self to be able to overcome an additional relapse that may put your own Spirit in harms way.

This one would simply ask you to be cautious, to be careful, and spend more time in meditation that will strengthen not only your Spirit but also your physical and mental self. It is vitally important at this time. It is important, too, that you recognize that within this which is your life upon the Earth you are doing those things that are helpful to others who are Spirit in Body; and as you have the opportunity to attempt to awaken others who are Spirit-in-Body to that which is the value of the Spirit Within them, take advantage of that opportunity, for every Spirit is of the Creator and every Spirit has come here on the Earth at this time to grow, to understand more with regard to life upon the Earth Plane. You have a great opportunity to serve in many way. You do not need to be fearful. We are aware that those who are OMEGA have the opportunity now upon the Earth to serve mankind in a way that has not been done before. You will be able to complete your responsibility upon the Earth; but know that it is important that you simply allow the time that you need for your Spirit to be strengthened, for your Spirit to help you in your thinking!. Do not ever fall prey to those things, those teachings upon the earth, that would delude you in any

way. You must not be misled. You must not be led astray at this time upon the Earth. Seek daily to enhance the Spirit Within you. Seek to pray; and seek for the advisement of others who do not have the understanding that you have. It is through those prayers that many others will be helped to see the enlightenment that is necessary upon the Earth. This one would advise you that there is much for which you need to take great care. Also, there is much for which you can take great comfort, for you have the opportunity now to proceed along the path that you have chosen at this time upon the Earth Plane. Be at Peace. This one has come in the will of the Creator and has come with great Love, and will remind you again that this one was known to you who are OMEGA when you did indeed serve in the Spirit Realm. And so it shall be again! Be at Peace.

JEY returns and would simply ask that you accept what has been said, for JEY does not allow those who do come to you to be in your midst unless it is the will of the Creator that they be here with you and communicate with you. And so you can be assured that the one who just came has been here for a purpose and in the will of the Creator. Go now in the will of the Creator, with the knowledge that you are succeeding in your journey upon the Earth at this time. Be not fearful. Do not disagree with those who come into your presence and simply seek to antagonize you, but rather seek to bring them peace within their life by giving a positive aspect that they may think upon. You have the ability to do this. You have been in a discussion about such things at this time. Know that you have the opportunity, the strength, and the Spiritual help that can lead you to a victorious finish to this life upon the Earth. Go now in Love and go in Peace. AMEN
