

## MESSAGE FROM JEY, March 4, 2001

March 4, 2001 (We had read and discussed the HORIZON messages of July 20, 24, 27, 1988)

JEY is here and does come to be with you as you have been in this time of meeting. Know that as you have been discussing those things of Truth that have been given to you by the ones who have come in the past, it is important for you to understand that as Truth is opened for you it is the will of God that you receive such Truth. It is not the will of those within a certain group that they would receive only that which is necessary for them; but know that when Truth is spoken, when Truth is given, it would indeed be wise to allow all who would hear Truth and who would accept Truth to know of the Truths that are spoken.

It is at this time that JEY would ask you to be at Peace with what you have heard, and to be at Peace with what you are doing at this time. It is within the being of all who are Spirit-in Body often the ability to receive Truth individually that is necessary for each of you as you allow the Spirit Within you to guide your daily life upon the Earth. To allow your Spirit to guide your life is that which is expected, that which is the most wanted for each of you, for the Spirit Within you is of your Creator and therefore can only give you that which is Truth, that which is of a positive nature. If you will not let your Spirit guide your actions, then you are open to those things of a negative nature, and that is not what is needed for the Spirit Within you to experience.

It is within you that there is an opportunity for you to receive Truth, that which is good, that which is the special guidance that each of you know; and know that guidance can be given to you by the Spirit Within you. Your Spirit is a positive aspect of you. Your Spirit can give you those things that are needed by each of you by way of guidance. Open your hearts. Allow the Spirit Within you to feed to you, both physically and mentally, those things that are of a positive nature which can affect your life here on the Earth.

Even as you sit here in this which is a quiet surrounding, and even as you have listened to the words that have been spoken from the written material which you have been given, you are aware that beyond the area in which you live there is much of a negative nature that is affecting people. This is true throughout the Earth upon which you live. There is so much of a negative nature, so much that is affecting everyone who lives in body. It is known upon the Earth Plane at this time that there is much affecting the Earth itself. The Earth is feeling those things of a negative nature. And so as you have the opportunity to send forth your prayers and your thoughts, accept that you must include all who live upon the Earth, and include the Earth itself in your prayers.

You are aware that you have the opportunity and knowledge now to feel the Peace that can be given to you; but there are so many upon the Earth Plane who do not know what Peace is. They do not know what Love is. They do not understand that there is one who is the Creator of all things that can give them the Peace and Love they need. And beyond that, there are many who do not have that which is necessary for the body to live each day of their lives. And know that there are many who are suffering from the government under which they live. There are many suffering from the lack of Love and many who are suffering from lack of food to sustain their bodies. Know that you are blessed in many ways as you sit here in this meeting, because you do not lack for anything. You do not lack for the knowledge that you need to sustain your spiritual life, and you do not lack for those things of a physical nature to sustain life in body. And so JEY would come encouraging each of you to spend some time each day of your life to look beyond what you are at this moment, and accept the prayer and energy that is needed for all throughout the Earth in order that they may feel some of the joy that you know at this moment in your life upon the Earth. Give of yourself. Give of your prayers. Give of your time. This is asking little of you in compliance to the will of the Creator that you be in prayer and that you help others who are in need of help at this time.

As it has been said to you in this time of reading the material which you have read, you have been asked to spend time in prayer, to spend time in meditation. And do not forget that there is a time when you need to spend time in action to help others. May it be so. And may the will of the Creator for your life while you are here as Spirit-in-Body upon the Earth be so given to your actions upon the Earth that you will in the time to come be able to return to the Spirit Realm rejoicing, for you have received Truth and have been able to share those Truths. And you have been able to share that which is good. And so it is that JEY would ask you to accept this challenge to you at this time, for indeed JEY has come here to be in your midst to help you, and JEY has received help as well, for JEY has accepted the positive attitude of those of you who are here at this time and does internalize that as JEY takes leave of this group.

JEY would remind you of the visit of HORIZON in times past; and know that those Truths that HORIZON brings to you through the reading are as true now as they have been through all eternity. Do not forget those Truths that have been given to you. And so JEY would ask you now to leave this place with joy in your hearts, knowing you have received Truth and that you can be at Peace with what you have heard. Go now in Love. AMEN.
