

April 29, 2001

JEY is here and does come at this time with much joy, for those of you who are gathered here at this time have indeed been able to open your hearts and your minds to those things of Truth that have been given to you. Understand this. As JEY comes and talks through the voice of this one JEY comes in the will of the Creator and does come to assist those of you who are here as OMEGA, JEY is fulfilling a responsibility that has been given in the Spirit Realm. JEY has been assigned the responsibility of being Gatekeeper for the OMEGA. And so as such, JEY must come to open the opportunity for others to come to be in your midst to communicate through the voice of this one. It is important that you understand that as each of you are here gathered, you too have a Guardian of Spirit that can protect the Spirit Within you, but you must be willing to allow your own Spirit to guide your life upon the Earth at this time. The Guardian of your Spirit is indeed here to help you, to provide an opportunity to protect your Spirit from those things that would be negative in your lifetime. And so as your Spirit Within you then has an opportunity to guide your life, be aware that your Guardian of Spirit is indeed attempting to protect your Spirit as well. And so you are not alone in this journey upon the Earth. You have a Guardian of your Spirit. You, in turn, work to allow the Guardian of your Spirit to be in control as well as to allow your Spirit to be in control. And in order to do that, you must subject your physical mind to the control of your Spirit.

It has been spoken of in this time of meeting about that which is your privacy, but know that privacy is indeed not allowed when it is time for your Guardian of Spirit to be in control of the Spirit Within you insofar as protection of that Spirit is concerned. And so as you are in physical body, the reality of you is in physical body, you have the opportunity to see both sides of the situation...that which is privacy and that which is invasion of privacy.

At some time as you are Spirit-in-Body, your Guardian of Spirit will attempt to keep your Spirit free from harm, free from a negative aspect in your life. Often the physical aspect of you seeks to allow the mind to make total decisions for your life upon the Earth. Sometimes those decisions will be harmful to your Spirit, and so it is then that your Guardian of Spirit attempts to enter and to protect that Spirit Within you from the decisions that are made by your physical mind. JEY would not argue a point with you that it is important that you be able to maintain the privacy of your physical aspect of you, and so JEY would simply talk on the point that you have discussed at this time.

It has been told that there are many upon the Earth who wish to control others upon the Earth in their physical bodies. You are well aware that this is happening throughout the Earth on which you live. There are many rulers who do attempt to have complete control over those who live within the boundaries of their nation. As a result of that, many who are Spirit-in-Body in those nations have not the opportunity to seek after that which is Spiritual, for they are told what they must do and what they cannot do. In a situation such as that, the physical body is not allowed to make strides in their own physical welfare that you who are here in this group have the opportunity to do. You are free to go where you wish to go. You are free to learn those things which you wish to learn. You do not understand that which is total control of the physical aspect of you by one who is a leader. And so you can only make a vague attempt at guessing what that kind of life may be like. And so JEY would come to ask you to guard that privacy which you have at this time, to be in an attempt to alert others that they too must guard this privacy, for it is a precious gift that others upon the Earth do not have. We who are in the Spirit Realm at this time would ask those of you who are Spirit-in-Body to simply be alert to the opportunities that you have to allow others who are law makers within your own country to know of your desire to maintain privacy in all aspects of your life, for that is important not only to the physical and mental aspect of you, but also to the Spiritual aspect as well.

In order for the Spirit Within you to be able to learn those things for which it came to Earth to learn, you must understand that the mental and physical aspect of you must be able to have the experiences that would allow your Spirit Within to learn the things for which it came to Earth. So there is then an important tie between the privacy of your physical and mental life and that which is the Spiritual aspect within you. These things have not been addressed in your group. It is important that you understand that indeed privacy is important for all aspects of your being upon Earth at this time. And know that it is important that you be willing to allow those who make the laws in your land and those who are the rulers in your land at this time to know of your concerns with regard to how they are making rules and laws that will affect the privacy of your life on the Earth.

And now with that said, JEY would like to address another point. There is at this time within the Spirit Realm a knowledge that there is forthcoming that which could be a major turmoil, a major war upon the Earth. It is important that you be alerted to this, for there are upon the Earth plane many rulers who would wish to overturn the freedom that you know and love so much in your own country. You have been permitted to live in this country, to know the joys of living in a country where you have the freedom which you have. But there are other countries who envy this which you have; and because they do not allow that freedom within their own country, the rulers of those countries then would wish to disrupt the freedom that you have. You must understand that wars cause people to lose freedom, and as a nation goes into wars to which they are drawn, the freedom the peoples within nations that have known freedom will lack the freedom they now know in order to conduct the war that will be infringing upon their freedoms. And so as one who lives in a free country is drawn into a war with a country that does not allow freedom for its inhabitants, you who are free will stand to lose the freedom that you have because there are rules of law that will deny you the freedoms that you have during a time of war.

It is at this time that JEY would say to you that you must not live in fear, but you must live to be able to confront those things that will affect you during this lifetime upon the Earth. And so with that, JEY would ask you to seek for guidance each day of your life, that the Spirit Within you may guide your life and also that your physical and mental aspect may be able to make the decisions that are needed in your lifetime upon the Earth. You are living in a time of plenty. You are living in a time of joy. You are living in a time of freedom. You must attempt to help to keep these opportunities that you have. And so it becomes your responsibility to be alert to those things occurring upon the Earth that would take from you these opportunities and these joys that you know. Again, JEY would ask you **not to live in fear but simply to be alert to things that would affect your life upon the Earth.**

At this time JEY would ask you to be willing to allow another to come and communicate with you; and so it is that JEY would ask you to remain in meditation and would assure the one who is using the voice that the one who will come will come in the will of the Creator. Be at peace now.

PEACE BE WITH YOU. This one comes with much joy, for you have been reading those words that have been given to you by one who was HORIZON in the past. If it is your will to allow this one to come to communicate to you, this one will come and identify to you again as one who is in the will of the Creator and will indeed come to you as the one who is **HORIZON** as in times past. Be at peace. Know that this one comes with Truth and does come with much joy to be in your midst.

You have been reading those things that have been given in past times through the voice of this one. Know that even as HORIZON comes at this time, HORIZON would give thanks for the voice of this one who has been willing to allow that body to be used for the glory of the Creator. We all have come for the glory of the Creator, those who have come in Spirit to use this voice. You are aware at this time of the one who was HORIZON, that one who could come and bring Truth; but above all that one does indeed still come to assert that the Spirit Within you is

the guiding force in your life upon the Earth at this time. And so this one would come to add this continuing study to those things brought through voice in times past.

This one would ask you to understand this about the aspect of Spirit Within you. You have sought for that which is a wider aspect of life as Spirit-in-Body, else you would not be here. You have sought to know more about that which can be given to you in the way of Truth regarding your close association with the Creator of all that is. And so it is that you have learned about the Spirit Within you, that the Spirit is of the Creator and is indeed in this body to be upon the Earth for continuing experiences as a Spirit-in-Body. You have been willing to allow this. HORIZON would say to each of you that we who are in the Spirit Realm rejoice to see those of you who are here at this time seeking for more knowledge, more Truth with regard to the association with the Creator of all things. You are to be blessed in that you have sought for and you are finding things of Truth. You must understand that there are many sources of information upon the Earth. You may read many things. There are many who have been given access to Spirit Within and can speak Truth. But it is always wise for you to simply ask during these times of communication that you be given the guidance that you need and the protection that you need during these times of communication with others who are in the Spirit Realm.

We come through the voice of this one because it is the will of the Creator; but know that this one does ask for protection before such time as we come to be in communication with you through this voice. And so it is important for each of you who are here to surround yourself with the guidance and protection that can be given by the one who is our Creator. And so we come now simply to remind you of this.

At this time we ask that you would accept the guidance that this one can give to you and the protection that this one can give to you, and know that each time that you are here in a time of meeting and discussing those things of Truth from years before, you will be guided and protected as you read those things and discuss them. HORIZON comes now to give an added protection to each of you as well. As you now are seekers of Truth and do come to find that for which you are seeking, we who come in Spirit and in the will of the Creator do come to assure you that we are providing for you that guidance and that protection that you need, whether you are here in group or whether you are in your days of life during this time upon the Earth. You will be protected if you open your heart and your mind to that which is Truth at any time during that time, if you so ask for the guidance and protection that you need.

And so at this time this one who comes as HORIZON assures you that when there is an opportunity in the future for this one to communicate, it will be so. And as this one can see now, there will be an opportunity for further communication. This one asks you to go now without fear but in love and in Truth, and know that this one comes in the will of the Creator. Go now in Peace.

JEY returns and would give thanks for the one who is HORIZON who has just communicated with you. JEY rejoices in that which is the opportunity to have the one who is HORIZON in your midst, for that one is a Spirit of great strength, of great joy, and of great love. JEY wishes and hopes that you may be able to feel that love and that strength at this one has been in your midst. At this time now JEY would assure you again that JEY has been here in the will of the Creator and has been one who would allow the one who is HORIZON to be in your midst. And so it is that JEY would assure you that JEY will come in the future to communicate with you and will be willing to work with you as there is a need during your days ahead. Go now in Love and know that you can indeed be at peace.
