

MESSAGE FROM JEY, MICHAEL AND SECHA 7-15-2001

JEY is here and JEY is here in the will of the Creator and does come with Love for each of you who are here. Know that as you have gathered here, you have again been those who have received information of great value to you as you are on your Spiritual Journey. JEY gives thanks for that.

We who are in Spirit look upon you who are known as OMEGA upon the Earth as that which is a very special group, for indeed you have remained committed to that which is your Spiritual Journey and you have remained committed to your purpose upon the Earth. And so we give you thanks for that, and we are indeed grateful for that which is your responsibility that you have accepted without complaint. And so we who are in Spirit gather with you at this time and do indeed have information to give you that will be of further value to you.

As you are aware, there have been many come to communicate through the voice of this one in times past, and this one who has served as the instrument has been very willing to allow the will of the Creator to be done through her voice. And so we come now to give thanks for that one; but above all, we give thanks for each of you who have allowed your Spirit to guide you in this which is the journey that you have needed to take upon the Earth. Be not fearful of that which lies ahead for you, but rather give thanks for the opportunities that you have to fulfill your purpose upon the Earth. We who are in Spirit view this time upon the Earth Plane as one of great importance for those of you who are OMEGA. We also can see from the viewpoint of the Spirit Realm that there is much that is occurring upon the Earth at this time that does indeed bring great distress and often that which is the end of life to many people who are living upon the Earth Plane. It is not the will of the Creator that mankind should undergo such tragic events in their lives upon the Earth; but as you are well aware, the Earth is now attempting to cleanse that which has been the mistreatment that has been given to the Earth throughout many eons. And so as the Earth does indeed do that which is simply a physical happening, know that there is much occurring that is of danger to mankind as they live upon the Earth.

This one who comes as JEY would say this to you further. As you have an opportunity to give information regarding your Spiritual Journey to others who will be receptive of what you can give to them, know that you will be led to do so. It is not important that you always attempt to give them everything that you have learned throughout many meetings of OMEGA; but what is important is that you help them to understand that within them is indeed a Spirit that is OF the Creator, and that Spirit can lead them through this lifetime upon the Earth. That is what is important for all who live upon the Earth at this time ...that they recognize the Spirit of the Creator within and that that Spirit has the power to direct them in their decision making upon the Earth. That you can share with others who come into your presence without fear of their looking upon you as that which would be something less than what they would wish to call Christian.

And so at this time this one comes simply to allow another to come to communicate with you, and if it is your will JEY would ask that you remain in meditation and allow another to come for indeed it is the will of our Creator that this one be in your midst and communicate as well. Be at peace.

THIS ONE COMES AGAIN TO BE IN YOUR MIDST AND COMMUNICATE WITH YOU, AND DOES INDEED IDENTIFY TO YOU ONCE AGAIN AS THAT ONE WHO HAS COME TO YOU IN THE PAST AS MICHAEL. It is not that this one is so important in the will of the Creator, but rather that this one has been given the responsibility to those of you who have dedicated this lifetime to the service of the Creator upon the Earth. And so this one comes to be with you and to bring you additional information.

As you are well aware, those things that have been given to you in the past have been of great value to you; and this one who comes as MICHAEL can give thanks for that for you have been accepting of the information that was given. MICHAEL wishes once again to tell you that

indeed what has been given to you has been Truth and has come in the will of the CREATOR. We who are in Spirit and who serve our CREATOR, even as you are serving the CREATOR on the Earth Plane come simply to bring that which is Truth. We would not seek to do anything other than that which is the will of the CREATOR, and we ask you to daily be in a time of prayer and meditation in order that you may fully do that which is the will of the CREATOR.

You have the ability to give Love. Give that Love freely because it costs you nothing. You have the ability to bring Peace. Give that Peace freely in your daily life with others. It costs you nothing. You have the ability to give Truth. Give that Truth freely and gladly, for again it costs you nothing. You are OF the CREATOR. You have the ability to do that which the CREATOR would will to be done upon the Earth. And so as you now have the voice to use and the eyes to see and the hands to work with upon the Earth, know that you are a valuable instrument as you live upon the Earth at this time. May it be that you never be fearful of those things that cross your path that you may have a bearing upon when it comes to helping that event or that individual that would come into your presence.

And so this one who comes as MICHAEL at this time would ask you now to be willing to allow another to come and communicate with you. It has been said to you....and know that this has come as Truth....that one who communicated through the body of this one who serves as instrument would again be that which would be host to the one who has come in the past as SECHA. This has been promised to you, and if it is your will this one who comes as MICHAEL would allow that which is the entity known to you as SECHA to once again communicate with you, for there is much to be given to you at this time with regard to that which is known as the chaos upon the Earth. This one will come now in the will of the CREATOR; and this one who is MICHAEL would ask you to be at Peace with this, for indeed this does take special consideration for the one who serves as the instrument upon the Earth. Be at Peace and be in Prayer.

KNOW THAT THIS ONE HAS COME IN THE WILL OF OUR CREATOR AND HAS COME AS AN INVITED GUEST TO BE IN YOUR MIDST. This one gives thanks to those of you who are here and gives thanks to the one who has allowed this to take place as an instrument.

This one who comes, as in the past, from another Universe would say this to you. As you have been discussing that which is known to you simply as aliens from another Universe, know that this one would tell you once again that it is not unusual for those of us who can indeed travel throughout the Universes to be here in your presence upon the Earth. We who are traveling here and who do indeed live in your midst can tell you that we have a responsibility to you, for we who have the ability to travel, not only as a thought process but also as Light Beings, have the opportunity and ability to be here on this beautiful planet in order to help mankind to protect the planet and to overcome that which is the destructive aspect of their lives.

We have seen upon this planet and in the minds of mankind the will to not only affect their own planet destructively but also that which is the outer space....over which they have no control! Know that all that is outside of you and all that is within you is OF THE CREATOR. We know that! We have proceeded beyond that which you now know as your own relationship with the Creator while you are in body. We are well aware of the importance of allowing your life to be guided by the Spirit Within you. And so this one comes now simply to remind you of those things that have been said, but also to allow you to know further about what is occurring upon the Earth.

As you are aware, there are those upon the Earth who consider themselves to be scientists who have indeed been able to create those destructive things which would allow them to be in control of others upon the Earth. This is not the will of the Creator of us all. Also, it is not the will of those of us who live in other parts of the Universes....to allow this to happen within your Earth and within that which surrounds the Earth. We will not allow this to occur....that you destroy the Earth and that you destroy other things and other beings in other parts of the Universes. We have indeed become very concerned about what is occurring upon the Earth. And so we who come to be in your midst have now achieved a certain level of being able to impress others upon the Earth

in this way. You are well aware of the fact that many have let their voices be heard with regard to our appearance upon the Earth. They are speaking Truth. We are able now to simply materialize when there is a need, to materialize in a form that can indeed be accepted by mankind on Earth without feeling great fear. We can appear in the form of even each of you who are here; but know that we will not do that for you are seeking after the will of the CREATOR and you have great Love for this Earth on which you will. But we will let you know that at this time upon this Earth there is much destruction taking place. There is much being planned that will further destroy the Earth. We will attempt to intercede in those plans, and we will attempt to prevent such destruction that is further in the plans of those who are in control.

And so if it is necessary for us to do so, we will indeed attempt to delay the thinking of some of those in control upon the Earth in order that they may not be able to proceed with their plans for destruction. We will attempt to delay the thinking of those who are in power upon the Earth, that they may not be able to make the plans that will affect all others upon the Earth. What we who are in your midst find to be very confusing is how mankind who is in control think that they can destroy all others that they wish to destroy without being affected themselves. How can mankind create weapons of mass destruction without some fear that they themselves will be destroyed? The destructive weapons which are being planned do not pick and choose those that will be destroyed. They have no means of doing that. And that which is the inventor of such cannot expect to be spared destruction as well.

We who come from other Universes and are throughout your planet at this time will attempt to intercede in all that is occurring that will be destructive upon the Earth at this time. This is not to say that you will not be witnessing that which is a cleansing of the Earth, but you will not see that which is total destruction due to destructive weapons that are being built by mankind upon the Earth. We cannot understand the motive of those who are Spirit-in-Body when it comes to making such weapons upon the Earth. How can they seek to destroy even one part of this beautiful Universe in which you live! This is the planet Earth...as you know it to be. How can they plan to destroy even a single part of this Earth. It was created by the will of the Creator of all things. In other words, they are simply trying to create the ability to destroy what the Creator has made, and that is the beautiful planet upon which you live. This is not to be tolerated by those of us who come as Light Beings from other areas of the Universes. We've seen destruction throughout part of the Universe. We have seen what can happen when those who are Spirit-in-Body determine that they are going to be all powerful, and what occurs as a result of that.

This one would further ask you to simply protect the area in which you live. You have the ability to do that. Seek to know that which will be the safer places for you to inhabit upon the Earth. It is well known that SECHA has seen this beautiful area in which you live, that you do indeed inhabit a safe area upon the Earth. There are many who do not, and so this one would ask that you be at Peace with where you are at this time, care for where you are, care for those things of living nature upon the Earth where you are. Give your time to protecting all that is in this area. You are not to be fearful. You are to be strong, you are to move ahead with your responsibility upon the Earth and know that you are to be guided and protected.

This one comes again as SECHA to thank each of you, to thank this one who has allowed her body to be used for this which is the communication, and to allow each of you to know that SECHA will come again when it is necessary. SECHA will remain upon the Earth Plane as long as it is necessary, and will attempt to communicate and allow you to know what is occurring. But as you have the opportunity with those who are in power upon the Earth, plead with them to stop that which is the destruction of the Earth. It must not be tolerated by you nor by others who live upon the Earth Plane. And so SECHA comes to thank you again for allowing this one to be in your midst, and would ask that the Creator of Us All would bless you and would allow you to live in Peace and in Love. SECHA leaves now and asks you to be at Peace.

MICHAEL returns and would give thanks for that one who came, and does indeed give thanks that you have been willing to allow that one to come; and will advise you that we who are in Spirit do come to protect you and do allow you to know that you have nothing to fear. And we tell you again in all Truth that we come in the will of the CREATOR and that you are serving in the will of the CREATOR. Be at Peace. Know that this one who has come as MICHAEL will indeed return when there is a necessity in times to come. Go now in the Love of all of us who are in your midst at this time.

JEY returns. JEY does give thanks for this time of meeting. JEY would tell THAT you have been blessed. There is nothing to fear. You can indeed leave this place of meeting knowing much Love and much Joy and much Peace. And JEY would advise that you attempt to live in a time of Joy and Peace in the days to come and allow your heart and your mind to be open to the Truths that can be brought to you through Spirit. Allow it to be so. Go now in Love and know that JEY will talk again in times to come. Be at Peace. AMEN.
