

MESSAGE FROM JEY August 5, 2001

JEY is here and is well aware of the need for this time together. It is important that each of you now remain in a time of meditation in order for that which is to be said may be kept in your thoughts as you are in a time not only of this meeting but in the days to come.

It is important for each of you to know that what you have read at this time in this meeting has great importance to each of you. (We had reviewed the message dated May 5, 1990 which had previously been e-mailed to all OMEGA members.) Therefore, it is important that you hold those things in your heart as well.

At this time allow JEY to say this. There is an importance to those of you who are OMEGA that you look for and you seek for that which can be given to you in the way of help during this lifetime upon the Earth. When it is said to you that you can indeed ask for help, it is meant that you do that. It is important that you seek always for help with problems that you have in this lifetime. You have chosen to be here. You have chosen the task which is now with you and which will be completed during this lifetime upon the Earth. And as a result of your having chosen to be a part of this large task that has been given to you, you have been afforded the help that you need. And so each of you not only have the opportunity to seek for help but you have that which is a God-given right to ask for help. You are special during this time upon the Earth. You have chosen to undertake that which is a major task for you as Spirit-in-Body upon the Earth. Therefore, JEY would urge you to take to heart that which is the promise that we have given, and that is that we will come to help you when there is a need if you invite us to do so. That is our responsibility....those of us who are in the Spirit Realm.

And so with that said, JEY would continue with this. There is at this time upon the Earth much that is of a negative aspect, as you well know. There are those things continuing....wars, killing, and other major incidents that do impact the lives of people who are living upon the Earth. You are seeing much in the way of those Earth changes that have been forecast for those of you who are OMEGA. Those Earth changes are now taking a major part of the aspect of those happenings upon the Earth. In other words, what JEY is trying to say is that they are becoming more frequent and much more violent. And so as you observe those things that are occurring, you can now know that the Earth is in a time of chaos and many people are being affected.

Especially allow your thoughts to go to that which is a misunderstanding among people which causes them to go to war with each other, not only nations against nations, but now people against people within nations. And as you view this taking place, you are well aware that this is not what is normal nor is it what God would wish for the people upon the Earth plane. Even as those things are occurring upon the Earth, it is becoming more destructive to the Earth upon which you live. And so it is that you see these aspects of Earth changes taking place that do indeed bode ill for the Earth upon which you live. And so as your thoughts and your prayers go out for others upon the Earth, know that it is important that you remember the Earth itself for your thoughts do have an impact on the energy of the Earth itself. And so as you spend time in prayer and meditation, remember that which is the Earth upon which you live and upon which your very life depends, for without all aspects of the Earth you would not have this which would be a way of survival. As you are well aware, that which is the food that you eat daily is indeed a product of the Earth upon which you live, and without that you could not survive. And so JEY would ask you to be in deep thought and in deep prayer and meditation with regard to the Earth and those that inhabit the Earth at this time.

JEY also wishes to address one who is here at this time and who has received a message. It is known that the one who is Rachel does have a negative aspect in her life at this point; but JEY wishes again to say to that one there is nothing to fear. What you are fearful of is the change that it has brought into your thinking and your life at this moment. But JEY would assure you that there is nothing to fear as far as your spiritual aspect and your physical aspect is concerned. JEY

will tell you this....that those of us who are in Spirit will come to be in the presence of your home and will indeed seek to eliminate that energy that does impact your life at this time. What we in turn would ask of you is this....that you seek daily for the help that you need in your life, that you seek to acknowledge the will of the Creator for your life upon the Earth at this time, and that is indeed your responsibility.

We who are in Spirit are well aware of the problems that many who are Spirit-in-Body have upon the Earth; but we know, too, since we have lived in body as well that there are very few problems upon the Earth as you are Spirit-in-Body that cannot be taken care of by those of you who live as Spirit-in-Body at this time. We do not tell you that you must be supernatural but rather that you simply seek for help from those of us who are in Spirit and do have the ability to see beyond that which you can see at this time. And so we would ask each of you who are here to be prayerful for the one who is Rachel and to allow her the knowledge that there are others who are concerned for her and with her as well. Again, JEY wishes to assure the one who is Rachel that she need not be fearful of what is occurring. It is simply that which is an aspect of Spirit that can be taken care of by those of us who can come from the Spirit Realm to be in her presence until such is cared for.

We who are in Spirit also would ask you to accept this. There are many who are OMEGA at this time who are seeking beyond that which they have learned and are now ready to go beyond that which they have been told and taught. JEY comes to tell you that in the future meetings of this which is OMEGA you will be receiving additional information that will empower you not only to be more Spiritual but also to be one that will be able to receive information through thought that you have not up until this time been able to receive. And so as you are well aware, each of you who are OMEGA have different energies, you have different aspects of being, you have different knowledges, and you have different areas in which you have the ability to work. And so each of you cannot expect to receive knowledge that is identical to what another will receive. JEY is simply saying to you that each of you in your own life and in keeping with your own ability will be able to receive information through thought that will enable you then to more fully fulfill your personal responsibility upon the Earth Plane as OMEGA. And JEY can tell you that as this message goes out to many others who are OMEGA, this also will be their right and their responsibility as well.

Know that JEY has been with you during this time of meeting and is well aware of that which has been the review and the beauty of that review. JEY would ask you once again to go back and review the messages that you have received through the many years; and know that as you review each one, you will find many truths that you had not thought about before because there will be that which is given to you in the past that now will have meaning for you. It is so important that you allow this to happen during these times upon the Earth.

And so JEY comes now to once again affirm that those of us who are in Spirit have a responsibility to work with you daily in your lives. You have the responsibility of asking for that help, and we will come to help you when there is a need.

At this time now JEY wishes to give this prayer for you and ask that the Love of the Creator would at this time fulfill your every need upon the Earth and surround you with the knowledge that you are Loved Unconditionally.

Eternal Creator of Us All, JEY comes at this time as a Spirit of the Creator to ask for that which is the great Unconditional Love not only to surround those who are OMEGA upon the Earth Plane but to so fill their very being that they will never doubt the Love that is given to them and the Love of which they are made, and will also know that the Love does empower them to fulfill every responsibility that they have upon the Earth. And so JEY comes requesting and asking from our Creator that this prayer be answered and that each one who is OMEGA will feel the Power and the Love and the Joy which can come as a result of this prayer being answered.

And so at this time JEY would take leave of those of you who are here at this time and would ask that each of you be guided and protected, not only in this time but in the days to come.

Know that JEY has come and has been in your presence with great Love and with great Joy and would ask you to receive and to recognize that Love and that Joy. Go now in Peace. AMEN.
