OPEN YOUR HEARTS AND YOUR MINDS NOW In order that this one who comes as JEY may be able to bring those things of Truth to you once again. Know that as JEY is here, JEY comes in the will of the Creator and assures you that what JEY can say at this time, as in the past, will be Truth.

There is an understanding among those who are Seekers of Truth upon the Earth at this time that what is to be will indeed be a time of cleansing upon the Earth. You have been told this many times from the beginning of this which is the group known as OMEGA. There is the opportunity upon the Earth now for cleansing to take place; but know this...until mankind in its entirety is ready to accept Truth, then there can be no cleansing. What we have been concerned about upon the Earth has been that which has been a physical cleansing. There must also be there which is a Spiritual cleansing; and as you are aware during this time of discussion, you have discussed the many ideas that do invade the Earth at this time with regard to belief in a Spiritual understanding. You have indeed talked about the many avenues that you have followed as you have lived upon the Earth during this time. Yet, you have found your way while many have not been able to find their way. Thus, the need for a Spiritual cleansing!

What JEY is attempting to say to you at this time is simply that as you have opened your heart and your mind to receive that which has been Truth brought to you by those of us who are now in the Spirit Realm, you have been able to digest those Truths and to apply them to your life each day upon the Earth. You have received much information. You have yet to receive much information! And so as you then have escalated in your thinking, in your understanding, there will be a time come when you will be able to use that understanding to then fulfill that which is truly your purpose upon the Earth.

You have come as those who have been willing to serve the Creator at this time upon the Earth. It was known before you entered a physical body that you were to accept this role. Those of us who are in the Spirit Realm and who were aware of that gave thanks that you were willing to so accept the will of the Creator as you live as Spirit-in-Body upon the Earth in this lifetime. You have undergone many times those trials and temptations and you felt that you were not good enough to fulfill the purpose for which you came. Let this be known to those of you who have accepted this challenge. You have overcome every obstacle that was put in your way. You have been able to reverse that which had been a different path on a journey in life. You have reversed and have always come back to the center of your purpose for this Earth life. You have been able to keep your eye upon that which is the purpose for which you came. We who are in the Spirit Realm have rejoiced in that, for many of you would have indeed been in a time of simply giving up. You have been on many paths that have led you directly opposite to that for which you came. Know that we give thanks. We praise the Creator that you are able to fulfill this part of your journey in that you will indeed be able to complete the journey for which you came.

We who live in the Spirit Realm at this time and have indeed been able to rejoice in that we have returned to the presence of the Creator understand your sometime absence of a complete understanding of this which is life in the Spirit Realm. Allow JEY to say this to you. You have this knowledge within your own thinking that when the body is no longer able to function, your Spirit will leave that body and will return to the presence of those of us who are in the Spirit Realm. You will be fully aware at the time of departure from your body of all that has taken place upon the Earth as you sought to fulfill your purpose for which you came. When your Spirit returns to the Spirit Realm, you will indeed be able to rejoice in that you have fulfilled your purpose. But allow JEY to say that you still will find that there is much for you to learn even as you return to the Spirit Realm, for you will find that there are opportunities for you to progress in Spirit as you are here.

As you have had the thought that there are many in the Spirit Realm who have not fulfilled their purpose and who have not been able to seek after the will of the Creator, you have entertained the thought that perhaps there are those in the Spirit Realm who still do not seek after the will of the Creator. These are Spirits who are loved by the Creator of All Things. These are Spirits who have not been able to find their way. But understand this... they are not known to you as evil! They are those Spirits who will yet find their way as they return over and over again to live as Spirit-in-Body. We in the Spirit Realm who have had the opportunity to come to know of our relationship with our Creator do give thanks for that; but we hold those Spirits in our prayers as well who have not been able to accept that they do have a journey that must be fulfilled. We keep them in our prayers even as you keep those in your prayers upon the Earth Plane. So, as you pray so do we pray! We do not ever forget that every Spirit is OF the Creator and will return to the Creator. And even though there are those who do not at this time upon the Earth understand their relationship to the Creator of All That Is, they too will return again and again until such time as they have become aware of that relationship and do work to become once again within the Love of the Creator.

We have an opportunity at this time in the Spirit Realm to be with you, to indeed come to your service as you are Spirit-in-Body and indeed we have done that. We have worked with you. We continue to work with you even in a time of sleep. Often time you will have a thought come to you that will be a positive thought with regard to that which is the Spirit Realm. You must understand that those thoughts can be given to you by those of us who are in Spirit as you go about your work during this time of life. We encourage you to keep your mind open to receive such thoughts, for indeed they are beneficial to you.

And even as you are allowing your Spirit now to be with others as your body is in a time of sleep, we can tell you that such is occurring. You are having an impact upon many of those who are leaders upon the Earth Plane. You can now begin to see changes in their lines of thought. Watch carefully in the days and the weeks to come as you continue to send forth your Spirit to work with selected Spirits of leaders upon the Earth. You will begin to see changes within the leaders upon the Earth. Praise the Creator that you have had the opportunity to send forth your Spirit to work with them. And even as you work with them, those of us who are in the Spirit Realm are also working with those leaders. We must, in some way through some thought, reject the idea of war upon the Earth at this time. You must continue to pray that the idea of war will be rejected by those who are leaders in power upon the Earth. The idea of war is not accepted! We do not want to see mankind perish as a result of the desires of some leaders upon the Earth. It must not be allowed. We will continue to pray. We urge each of you to send forth your prayers, and above all to send forth your Spirit to work with those leaders who are now in a time of seeking to destroy not only mankind but also the Earth. You are aware of those people. Even so there are those who are within realms of Spiritual belief upon the Earth that are seeking to do the same....seeking to destroy those who do not believe as they believe. These, too, must be kept in your thoughts. Your Spirit must indeed take time to pray for them, and realize that included in those are the aspects of religious belief that you once held. There is at this time so much unrest among mankind simply because of the beliefs that they have come to hold as a result of the teachings that were given to them upon the Earth.

Be at peace with what you are learning. Know that your Spirit is one of great influence and great power, for indeed it is OF the Creator; and as the Creator does indeed have such great power within this which is not only the Earth upon which you live but throughout all the Universes that exist, you share in that power even though it is limited as a Spirit within your body. You share in that power! Do not be afraid to use the power that you have. It will be through that power that each of you will be able to so touch the life, the heart and the mind of others upon the Earth that it will change the direction in which they are seeking to lead mankind at this time. Be at peace with that. You are not a helpless individual who is only physical and mental upon the Earth! You are a Spirit-in- Body, a Strength Within Body, a Spiritual Aspect Within Body. That

strength has the power to do all that is needed to do upon the Earth. Let it be done! Do not doubt that for which you are here to achieve. Let it be done! It shall be done if all of those who are known upon the Earth Plane as OMEGA will simply send forth their Spirits to be in control of the thinking of those who are upon the Earth at this time, whether they be religious groups or whether they be leaders of nations. May it be so that your Spirit will be able to step forth and help those people in their thinking, that it may become right thinking, that it may become thinking with relation to Truth.

You are special. You are here for a purpose. Give of your purpose fully in order that you may achieve what you are here to achieve! This Earth must be protected. Mankind must be protected. You are here with the ability to so achieve protection upon the Earth. Let us who are in the Spirit Realm, and let those of us who are on the Earth and who know Truth not fail in the journey that you are taking. We are here to help.

Be at peace. Know that you are in the will of the Creator, and we come with joy because of that knowledge. Allow that joy to be spread throughout the Earth through the help of your Spirit. Allow that which is Truth to be known through the help of your Spirit. You are special in the sight of the Creator at this time. Do not underestimate your goal and your ability.

JEY comes now with a prayer. Eternal Spirit, Creator of All That Is, we who are in Spirit would ask you to pour out your Spiritual strength upon all these who are known as Spirit-in-Body who are seeking to fulfill your will upon the Earth, for they indeed are in need of much help at this time. Give of your strength, your guidance, and your Love. It is through Love that all will be accomplished upon the Earth Plane.

And now JEY would ask you to be at Peace and to go in Love and to share that Love. Go now in Peace. AMEN.
