

## MESSAGE FROM JEY, 9-21-2003

JEY is here and does come in the will of the Creator at this time, and does come to be in your midst. As you are aware, those of us who are in Spirit have the opportunity often to be with you as you gather as OMEGA; and it is the joy of JEY and others at this time to be in your midst. Be at peace. Know that we come to be with you because it is the will of the Creator that you have the guidance that we can give to you at this time.

JEY does indeed have the opportunity, many times, to gather with you; but know this. Even as you are here gathered, there is always an opportunity for others who need to be in your midst to be here as well! And so it is with great joy that JEY can tell you that indeed the room in which you meet has within it many who are in Spirit at this moment. So be at peace with that! Know that JEY simply gives you this information because it will help you to understand what is to come during this time of meeting.

At this time now allow JEY to say this about that which has been your meeting. You have discussed many things with regard to that which has been a communication from time past (message from JEY 9-7-2003). Also, the heart within you has been open to discuss many other things that have been of interest to you. And JEY would say that as we who are here in Spirit and have had the opportunity to be in your midst, we are pleased that you have opened your minds to all those things which you have discussed. It is a joy to those of us who are in Spirit to know that you have come this far, that you have been able to open your hearts and your minds to receive information with regard to those things of Spirit and in regard to those things which you have little understood without a gathering of like minds at this time.

And so JEY comes to communicate with you for a purpose at this time, and that is this.

As you are known now to be that which is OMEGA upon the Earth, you know that you have a purpose to fulfill upon the Earth. You know that you have the ability to fulfill the purpose for which you have come to Earth at this time. And you know that you can receive the guidance that you need from those of us who are in your lives as your Guardians of Spirit. JEY would ask you to be receptive of the help which you can receive from your Guardian of Spirit, for indeed it does bring great joy to your Guardian of Spirit when you actually call upon that one to come to you and to help you during this lifetime upon the Earth. We do not come to interfere with your life or the decisions you make, but we do come to be with you, to guide your Spirit and to guard your Spirit, and to allow you to know that we are in your presence. We who are Spirit have an opportunity to work with those of you who are Spirit-in-Body simply because within your body there is that which is Spirit. And as you are well aware, that which is the Spirit is OF the Creator; and so it is important that your Spirit be carefully guarded at this time upon the Earth when it is indeed within a body.

There are many upon the Earth at this time who are involved in violent things, violent actions, without the knowledge of knowing that within them there is the beauty of the Spirit which is OF the Creator. We who are in Spirit have much in the way of despair when we are aware of that occurring within the lives of many upon the Earth. Know that the Spirit Within you is one of strength and of great beauty and of wisdom;. And those who are engaged in activities that are not in the will of the Creator....if they only knew about that which is the Spirit Within them....would find that it would be impossible for them to behave in the manner in which they are behaving upon the Earth. And so it is important as those who are teachers of things of Spirit....it is important for them to reach out, especially to the young upon the Earth, for that is the time when so many are being misled upon the Earth at this time. And so the young, the youth, those who are children, those who are the teens, as you would call them, upon the Earth....those are the ones who need to be reached at this time and who need to be encouraged to ask for guidance in their lives upon the Earth.

There is at this time now a great need for the young people upon the Earth to receive the guidance and to know that they are in reality that which is OF the Creator. It is hard for those who are living as Spirit-in-Body to understand this concept of their lives upon the Earth. However, they can be brought around to that which is the knowledge and the understanding of that which is Spirit if they are given the opportunity to hear the Truth that can be told to them. Those of you who have within your grasp now the opportunity to help even one child, you need to know that you have an obligation to that child, to help them to understand that within their physical body there is indeed a Spirit, and Spirit can help to guide them upon the Earth. That is acceptable to those who are Spirit-in-Body, especially those who are children, for they are indeed enamored of that which is something that is of the unusual. And for them to know that within their Body there is a Spirit which is of the Creator speaks to them of something of great value; and they can

understand that. And so it is not difficult for you to talk to one child and to help them along the way at this time.

This will not be undermining anything that their parents have taught them or what they have learned in their institutions of education; but it is important for them to learn at a young age that the Spirit Within them can guide their actions upon Earth if they are knowledgeable of that Spirit Within them and if they will allow it to happen.

We who are here at this time can tell you that in the days to come there will be an added impetus for those of you who are aware of your own Spirit Within...an added impetus for you to seek after the guidance of your Spirit at this time upon the Earth. You are aware of the many things that are occurring upon the Earth which are not in the will of the Creator. And so as you now seek to fulfill your own purpose upon the Earth, there will be those opportunities presented to you that will require you to allow your Spirit to come forth and to guide your thinking and your actions at any one time. Do not hesitate to allow your Spirit to do that. As it has been said to you before, that which is necessary is sometimes there for you to **allow to occur**. You must know that you have the choice to allow your Spirit to help or to disallow it to help! But it is important for you who understand the importance of Spirit upon the Earth at this time, to let your Spirit be part of that which will be the action of Spirit upon the Earth.

JEY can tell you that in the days that are to come there will be activities upon the Earth that will require much of that which is deep faith on your part. This, as time tells in the Spirit Realm, will be near; but as time is calculated in your own life, may not be extremely near for you. We who are in the Spirit Realm sometimes have a difficult time in gauging events upon the Earth simply because we are aware that **all is at one time, and it is difficult for us to see an exact Earth time that events will take place**. However, JEY can tell you that it would appear that there is now gathering upon the Earth that which will be the events that will require you to have a strong faith and require you to have an opportunity to let your Spirit go forth to help others and for it to also encourage you and give you the added strength that you need as a physical and mental being upon the Earth.

We who are in Spirit do not wish, at any time, to alert you to some event that may bring fear to you. That is not our purpose upon the Earth. We need to alert you to those things that will prepare you to be ready for whatever may be ahead in your lifetime, to be ready Spiritually for what may occur upon the Earth. As we see it within the Universe at this time, there is still great interest from others in other parts of the Universes, great interest in what is occurring upon the Earth at this time. Know that this has gone on for quite some time in Earth time, and as we who are in the Spirit Realm can see, there are continuing to be those who are coming to Earth to observe what is happening. We would ask you to be alert to any evidence that you may see upon the Earth of others being here simply to help at this time on Earth.

JEY would say this to you as well. There are many of us who are in Spirit who are now looking upon the Earth with much interest. There is much in the way of unrest upon the Earth, of which you are aware, not only within your own country but in other countries upon the Earth. There is not another country upon the Earth, as JEY is aware of at this time, where there is not a time of unrest. This will come to a time of explosion upon the Earth; and that will be an opportunity for those of you who are Spirit-in-Body to take charge of that which you would consider the necessity, as you see it, to help others upon the Earth. JEY again does not wish to alarm you; but JEY can tell you that there will be those times ahead where you need to be prepared.

And with this in mind, JEY would say this to you as well. For those of you who are not aware of that which is your own Guardian of Spirit, JEY simply wishes to tell you that your Guardian of Spirit will be working with you and will be in your midst at all times. JEY would, in the future, have an opportunity to communicate with each of your Guardians of Spirit and to communicate with you at the same time, in order that you may become, as you might say, on 'speaking terms' with your own Guardian of Spirit. That is indeed an exciting time for those of us in the Spirit Realm when contact is made with those of you who are Spirit-in-Body upon the Earth. We rejoice in the fact that you are looking for that time in your lives when you are looking for contact with your Guardian of Spirit. And that is only contact as far as you know....but we who are in the Spirit Realm can tell you that we are in contact with your Spirit at all times. We who are your Guardian of Spirit are well aware of your life at this time, are well aware that we can communicate with your Spirit at this time upon the Earth! We simply want you to be aware that we can do so and we want you to be able to say "I will allow my Guardian of Spirit to work with my Spirit!" And therein will be a great reunion of Spirit, because your own Spirit Within does have the desire to be able to communicate with Guardian of Spirit! Allow it to be so. You will find new joy in your life as it is so.

And JEY will tell you that in times to come there will be the opportunity when JEY can call upon

your Guardian of Spirit to come to this group and communicate with you. Be at Peace with what JEY has said. **Do not fear. There is no Spiritual growth in fear! There is Spiritual growth in Joy and in Love,** and we look forward to that in your life. And you need only to open your hearts to the Joy and the Love that can be shared with you upon the Earth. **Fear is simply a defeating mechanism upon the Earth,** as far as your body is concerned. Do not be fearful. Do not allow your self to become a victim of fear. All is well! We who are in the Spirit Realm will be with you; we will help you through whatever is ahead for you as Spirit-in-Body. Be at Peace. Know that JEY has been in your midst with much Love. And others who are here in Spirit do indeed share their Love and Peace with each of you. Accept it! Know that JEY goes now in Love and would ask you to be a peaceful Spirit within a peaceful body! Go now in Love. AMEN.
