

MESSAGE FROM JEY, 11-16-2003

JEY is here and is well aware that those of you who are here are indeed in a time of meditating; and JEY would ask that you continue it would be so. It is at this time that JEY has an opportunity to address those of you who are here as well as those who will be receiving the message in the days to come. Be at Peace with what JEY has to say. Know that JEY does come in the will of the Creator.

There is at this time in the thinking of mankind that which is not in Truth but rather that which is misleading given out to mankind across the Earth on which you live. Know that as you who are OMEGA are seeking for Truth, there are those throughout the Earth who are seeking to diminish Truth; and they would ask that all who are Spirit-in-Body begin to think in a way that would be opposite of what is known to you as Truth. What JEY is to say about this topic is simply this. As you work toward the achievement of the purpose for which you came to Earth, know there are many upon the Earth who do not have the knowledge that they are indeed Spirit and that their Spirit is here for a fulfillment for which it came. Know that as you have the opportunity now to understand Truth and to receive Truth as it is brought to you by those of us who are in Spirit, there are many who have no idea even why they are living upon the Earth. Many are undergoing hardships, and so they do not have an interest in anything except being able to seek an existence day by day upon the Earth. They do not have a knowledge of that which is the Creator of All That Is. There is within them no seeking after Truth, no seeking after anything except just the existence day by day upon the Earth.

There are others who have that which is an idea of a Supreme Being; however, they do not know that there are many ways of reaching that Supreme Being upon the Earth. They seek after only one way which they have been taught. And so we are in the Spirit Realm observing all that is occurring among mankind upon the Earth, and we do indeed feel great sorrow for mankind as they seek among what we might call the rubble upon the Earth, for they are seeking after only that which can be given to them by others who have learned those things that are not always truthful. And so JEY would ask you then to be mindful of all others upon the Earth at this time who are in need of your prayers as well. And as you seek to allow your Spirit to go forth to work with the leaders upon the Earth, know that your Spirit also has an opportunity to work with those who are seeking after Truth as well. Allow it to be so.

You must be mindful of the fact that Spirit knows no time element at all. Even as your body and mind understands that which is a time element, Spirit does not. And so as you are in a time of meditating, your Spirit can go forth and work with others who are seeking after understanding and after that which might be Truth for them. And so JEY would ask you just to be mindful that your Spirit can have the ability to roam free when you will allow it to be so.

As you are aware, when that Spirit Within is the Spirit of the Creator of All That Is, you can understand the strength and power of that Spirit, and it only needs to know that it is allowed to go and do the work of Spirit when you will wish it to be so.

JEY comes at this time, too, to discuss another thing that is of importance to you and to all who are OMEGA, and that is the understanding of that which is purpose upon the Earth. Even as your Spirit chose to come to Earth at this time and inhabit the body which it now inhabits, it was known before in the Spirit Realm what that body would be capable of doing, what that mental self would be capable of doing. And so Spirit does come to Earth knowing many things and coming for that which is a purpose. Still, once that Spirit has arrived and is once again in body, often there is not the opportunity for that Spirit to fulfill a purpose because of the atmosphere in which it has come to live as Spirit-in-Body. And the Spirit is well aware of the fact that life in body will not be easy for that body, and still it is willing to come and hope for the opportunity to be able to achieve the purpose upon the Earth for which it came.

There are always drawbacks for the Spirit when it does not inhabit a body that has the ability to let it learn Truth, to let it teach Truth, to let it go where it will to fulfill its purpose. And so even as you have been able to find your way upon the Earth and to seek after Truth, there are many Spirits in body who would indeed wish to be able to do just as your Spirit has done. And perhaps they will at some time be of a strength that will enable that body to make a turn-around in their existence upon the Earth so that the Spirit will have an opportunity to fulfill purpose within that body. Life is not always easy for those who are Spirit-in-Body; but know that the Spirit still seeks after that for which it came to Earth.

Each of you who are OMEGA have the ability now to look at those with whom you came to live upon the Earth, those who were your parents, those who have become your mates upon the Earth. You can give thanks for the opportunities which you have had and which has enabled you to seek and understand

that for which you are seeking. Give thanks for that!

And so as JEY is here at this time, JEY would share this story with you. As you are aware, JEY is the Spirit within the Spirit Realm who comes as Guardian of Spirit for the one who is using voice. Know that JEY has indeed known that Spirit many life times ago, and JEY as Spirit and the Spirit of the one who is using voice were indeed involved in a life time that did not give us an opportunity to serve the Creator as you are serving now. JEY is well aware of the difficulty that Spirit can have as it is confined to bodies that no longer have the ability to use the mental self to seek after that which is Truth. And know that often times your Spirit has lived in body within a time element of Earth time that did not give an opportunity to seek Truth. In other words, it was either forced to believe certain things or there was no opportunity at all for a belief. And so once again JEY can tell you that Spirits, as they come to live in body, often have a very difficult time.

JEY will say this as well, however, that those of you who are Spirit-in-Body at this time and have found your way to know that you are OMEGA upon the Earth, know that you had a definite purpose upon the Earth and it was known that you would choose to come back in body because you knew, from the Spirit Realm, that the body would enable you to seek after the purpose and the Truth that you needed in this lifetime. We who are in Spirit Realm at this time do indeed give thanks and praise to our Creator that you had that knowledge and have been able to fulfill the purpose for which you have come to Earth at this time. We rejoice in the Spirit Realm, and we further rejoice that you have been able to understand the relationship with your Guardians of Spirit....the relationship to your Creator of All That Is. What a blessing it is for you as a Spirit-in-Body to have the mental understanding that you now have. And so JEY comes now simply giving thanks for those of you who chose to return as OMEGA and have been able to fulfill the purpose for which you came to Earth.

What JEY wishes to say now, too, is this. As you look at the Earth....and you are well aware of all the violence that is taking place and all the wars that are taking place....JEY will assure you, yes, that the time is to be when wars will cease, when violence will cease. But that is in the eons to come. There is not yet that time upon the Earth when violence will cease. Mankind has not reached that stage now upon the Earth. And so as you seek after a lifetime of peace at this time, know that it will be gained by you who are OMEGA and others who seek after the Spirit that this will become known to those of you who are Spirit-in-Body at this time. You who are OMEGA have an opportunity to help many who are not living a peaceful life at this time. Let your thoughts be known to them. Let them know that the Spirit Within them is of the Creator; and as the result of that, they can be at peace, they can seek after peace. That is so easy for each of you to do. They do not have to be OMEGA to understand that, for even as they believe the Scriptures which you have as you call yourselves Christian, it is said that within those Scriptures that the Spirit does indeed inhabit the body. And so they can come to understand that. Allow them to know that they can let that Spirit lead them. This is not hard for them to believe. They can accept it if you can show them that, yes, it does say this is Truth within the Scriptures which you have accepted to guide your life.

JEY would further advise this. When others come to you seeking to share their sorrows or problems with you, allow them to do so. This is an opportunity for you to help another who does not have the opportunity that you have upon the Earth. Be not fearful of sharing the love of the Creator with them. Let them know that indeed the Creator of All That Is is indeed the Creator of their Spirit. And so you will have an opportunity to help many, in many ways, as you go forth from this place in the days to come where there is a need for you to share with another who is in need of someone to simply share their problems with. There are many upon the Earth who have many problems. Be able to accept their problems and help them to understand that indeed there is a Creator of All That Is who can further help them in their life and problems.

JEY again seems to have come to share a sermon with you, but JEY often does this when JEY feels there is a need. And so as this one who is using voice will allow JEY to do so, JEY wishes to come simply to give one final thing to you at this time...and that is this. We who come as Guardians of Spirit for each of you who are OMEGA seek to work more fully with you each day of your life. Allow a time in your day to meditate in order that we may come to you and work with you during that meditation time. We simply need not only to help your Spirit be strengthened, but we need to allow our selves as Spirit in the Spirit Realm to be strengthened as well from your energy. That may come as a surprise to you, that we need you even as you need our help! And so invite us to come to be in your presence, to communicate with you through thought, that we may be able to share the energy which you can share with us.

JEY would ask you to accept that JEY has been here in the will of the Creator and does come with much love for those of you who have dedicated your lives upon the Earth at this time as Spirit-in-Body, as

those who are OMEGA. JEY would ask you to accept the love of all who are in Spirit who come to you each day now to work with you as your Guardians of Spirit. Be at Peace. Know that JEY has been here in Peace and in a Spirit of Love, and would ask you to simply accept that what JEY has come to bring to you has been because it is the will of the Creator. Go now in Peace. AMEN.
