

## MESSAGE FROM JEY, 12-07-03

JEY is here and is well aware of those of you who are here; and JEY can tell you that indeed this one has been here in your midst and is aware of all that has been discussed. Allow JEY to say this...that as always JEY comes to be in your midst in the will of the Creator and does give thanks again for this opportunity to be with you.

Allow JEY to simply talk with you with regard to this time upon the Earth. As you are aware, you are gathered as OMEGA for the fulfillment of a purpose upon the Earth. You are in the process of such fulfillment; but know that there is much yet which needs to be done. We who are in the Spirit Realm do indeed continue to keep you in our prayers, for we...even as you...have that which is a need to pray for the guidance of that which is known as The Creator of All That Is. We who are in Spirit come to be in your presence when there is a need for us to communicate with you. Even as that which is your own Spirit Within you can guide you, that which is your Guardian of Spirit can indeed, yes, come and help you when there is such need in your lifetime.

JEY wishes to address many of those topics which you have discussed. First allow JEY to discuss the need upon the Earth with regard to those who are small in stature...those who are the children upon the Earth. You have voiced many concerns about children as they live upon the Earth; yet you have rightly said that indeed that which is the Spirit of the Creator does indeed reside in the body of each of those little ones, even as it does in your own body upon the Earth. That Spirit which does inhabit the bodies of the children upon the Earth at this time does return to Earth with much hope that they will indeed come into a time of being able to learn many things with regard to their own Spirit, in order that they may have those experiences upon the Earth that will profit them with regard to their stay upon the Earth. JEY is aware that many will be disappointed...the Spirit Within them will be disappointed because they will not have the opportunity to grow in Spirit as they would wish to do so. Yet there are many upon the Earth who will have had the privilege of having lived in a society that does indeed give much credit to that which is a child upon the Earth and does indeed offer much opportunity to those who are children. Yet, there are even those in that society who will fail in their attempt to grow in Spirit upon the Earth.

And so, what is necessary for those of you who are OMEGA at this time? Allow JEY to say this. What you can do is to seek out those children in your own areas who are in need of guidance, in need of help, and simply give them the hope they need to understand the situation in which they find themselves. Know that you who are calling yourselves Christian do have an opportunity to explain to children in your area that indeed they do have an opportunity to access prayer and to take a time each day to go in prayer to that which is the Creator. They, too, can understand that the reality of them is the Spirit which is of the Creator. Know that, of course, in your time of work you may not always have the opportunity to do such; but where there is an opportunity that opens, do not hesitate to work with a child who is in need of guidance, for something that you say may provide the impetus for that child to change direction as it lives upon the Earth.

You who are here as adults and in this time of life upon the Earth have within your own grasp the opportunity to do much for those who are children in your area. JEY would encourage you to take advantage of every opportunity to attempt to guide that child, or those children, into those activities that would provide an outlet for their energies and their thinking that will improve their opportunities upon the Earth to fulfill the purpose for which they came.

JEY would not ask you to take any actions that would be negative with regard to the opportunity that you have to earn a living upon the Earth; but you do have opportunities to help guide a child, or children, in the direction in which they should go. Use that opportunity to use the abilities and the knowledge which you have been given upon the Earth.

Allow JEY to say this, too, that with regard to the many things that are occurring upon the Earth, you sometimes become discouraged. Do not allow that to become a part of your thinking. You are not to know or give life to that which is discouragement, for that is simply defeating in your journey. Know that your prayers are heard within the Spirit Realm, and if there is something that can be changed by your prayers, those of us in Spirit will indeed work with your Spirit and work with your Guardian of Spirit in order to help bring about change that is possible for others who are living upon the Earth. We do not ask you to do the impossible, for even we who are in Spirit cannot do the impossible! We can only come to encourage, even as you can encourage. We cannot force, even as you cannot force. So we ask you to use the talents that you have to help others that might change the direction of life upon the Earth.

It is at this time, too, that JEY wishes to address another topic, and that is this. As you now can look upon the Earth with a different outlook, since you are now aware of your status as OMEGA, you have the opportunity to direct your energies into those activities upon the Earth that will bear fruit with regard to Spiritual elements upon the Earth. You do not have to accept every category of thinking upon the Earth that is presented to you, nor do you have to take your time to listen to every category of thinking that is presented upon the Earth. Do NOT let the negative aspects of thinking upon the Earth defeat your own thinking, defeat your own journey upon the Earth. Do not give life to those types of thinking by allowing your own energy to be given to such thinking. You are aware of that which is Truth. Simply allow your energies to be given to the distribution of Truth upon the Earth where it is able to be given. JEY would not ask you to do anything that would disturb your means of making a living upon the Earth; but JEY would say this....that you be aware of the opening of opportunities where you may be able to insert a bit of Truth that may make a difference in another life, even as you were given an opening that helped you now to blossom with regard to your own Spiritual understanding. It may be that with only a few words you may open a lifeline for another who is looking for that which is a greater understanding, a greater Truth which may lead them into some joy and happiness upon the Earth.

JEY has the opportunity now to come to work with each of you; and as you need that help that indeed your own Guardian of Spirit can give and the Spirit Within you can give, you can also call upon this one who is known to you as JEY and ask for the help that you need. This is not only information for those of you who are gathered here for this meeting, but for all who call themselves OMEGA upon the Earth. It is known that there are many who are gathering now once again because of the Ingathering that you recently had with regard to OMEGA. There are many others who are well aware that OMEGA still exists, and....yes....they still want to become a part of OMEGA. Know that it is being made possible for them to be so. Be alert to the opportunities that you have to be in contact with others who are in your area who have been known to be OMEGA and are still seeking for Truth! It is important that they remain a part of your contact upon the Earth.

You have also been very concerned about the changes upon the Earth that are taking place. These are not things that you control! These are things which you can become aware of, and you can send forth your prayers to those areas of the Earth. But there are many things that are of a physical nature....Earth changes or whatever they may be.... which are not of a Spiritual nature but rather of a physical nature. Yet you are aware that many people will suffer as a result of these. Many will pass to Spirit as a result of these changes upon the Earth. Simply be alert to those things and send out your prayers to those in order that their Spirits Within them may be aware and be helpful to the bodies in which they reside. You have nothing to fear. You are very blessed in that you are OMEGA and that you do live in the area in which you live. Simply give thanks to the Creator for that which is knowledge on your part, for indeed it is important for you to maintain that knowledge and be kept aware of all the Earth changes that are taking place.

Allow JEY to come to you now with this one last suggestion and that is this. As you now proceed toward that which is a life ahead of you, be aware that there will be many impediments, perhaps, put in your way which you will have to overcome. Do not be fearful if there is something that is put in front of your footsteps which you have to side step or even step beyond and over. Know that your journey can be undertaken, it can be completed. Do not allow any one thing to interfere with your Spiritual journey! It does not need to be. And yet those things may be inadvertently put in your path. Do not let them disturb you. Simply keep your eye on your journey as OMEGA upon the Earth. Know that the little things that can be placed in your journey will occasionally 'pop up', as you might say, in your journey; but they need not become that which is an impediment. You have nothing to fear. Simply seek after the help of the Creator in your prayers. Seek after the help of your Spirit Within and of your Guardian of Spirit, and you shall be rewarded with the help that you are seeking.

At this time now allow JEY to say one more thing, and that is this. As you have been given so much with regard to your meetings as OMEGA and with regard to the messages that have been brought to you by many who are in Spirit, you have been greatly blessed. JEY would ask now that you would entertain having one more come and bring you a message that will be a message of beauty and hope for you. Be at peace and know that this one will come in the will of the Creator. Be now at Peace.

AMEN! This one comes now into your midst as one who has been in your midst before; but know that this one wishes to communicate a Truth to you that you need to hear at this time. This one does indeed, as has been said, come in the will of the Creator and will simply bring to you once again the symbolic name of that one who is ALLA.

ALLA, as you are aware, has been Spiritual teacher for the one who is using voice, and ALLA has

not been here to communicate for that which has been many, many months. But know that ALLA needs to say this to you who come as OMEGA. Even as teacher for this which is OMEGA and this one who uses voice, ALLA has not been able to bring ALL the Truth that you need to hear; but know that ALLA cannot give you every Truth at one time that you need to hear! You are so much aware of all the Truths that have been brought through JEY and others who have come to you. But ALLA does wish to say this. You who are here as Spirit-in-Body are aware that the Reality of you is Spirit. What greater Truth can you know than that the Spirit Within you is indeed the Truth of our existence!

And the fact that the Spirit is OF the Creator of all that is. How beautiful it is for you, while you are still Spirit- in-Body, to know that Truth! And if ALLA can bring you one lesson it is this....and that is that you honor that Spirit Within you, that you give it the time and opportunity to communicate with you each day. As that which is OF the Creator, it must be honored, it must be allowed to guide your life and your decisions on Earth. This is a Truth which we who are in Spirit simply want to reiterate in order that you may fully understand the value, the beauty and the strength of that Spirit which is within! Indeed, ALLA has been that which is a teacher for those of you who have come as OMEGA, but mainly for that which is a teacher for the Spiritual Understanding of the one known as the voice.

ALLA does not wish to be known simply as that which is a teacher upon the Earth, but for you to also know that ALLA has indeed lived as Spirit-in-Body upon the Earth and does understand that which is a difficulty in under-standing the importance of a Spiritual Understanding upon the Earth. ALLA would once again say to you that even as you lived during the life time of the one who was the Christ upon the Earth, ALLA was well aware of that time of existence upon the Earth. ALLA would also say to you that many of the teachings of that time have so been changed that indeed much is taught now that was not taught during that period of time or prior to that period of time. Be alert to that. Know that you do not have to believe everything that you hear with regard to that which is church or with regard to that which is a creator as many see the creator. Know that the Creator has always existed, even before there was a Universe. And know that as that Creator spoke into existence the Universe and the Universes, know that those things came to pass. You, however, must understand, too, that even as you have changed, as you have evolved upon the Earth, as your Spirit has evolved upon the Earth in body, so have the Universes evolved. And so as the Earth evolves into a different type of planet from when it first began, others throughout the Universes are also evolving! So just think of yourself as the Reality of your self, your Spirit, is changing and growing from one lifetime in body to another, your ability to think in terms of the Spiritual Aspect will indeed be evolving as well. And so YOU in your physical thinking are evolving because the Spirit Within you is evolving and revealing to you much that you can understand with regard to things of Spirit. Accept this, for indeed it is Truth.

And now this one who comes as ALLA has indeed acted once again as a teacher for you. But know that ALLA comes to you because it is in a Spirit of Truth and a Spirit of Love for all of you who live as Spirit-in-Body. Be at Peace. Know that ALLA does indeed remain that which is a teacher for those of you who are Spirit-in-Body upon the Earth at this time. Go in love, and know that as you continue to move toward that which is the fulfillment upon the Earth, those of us who are in Spirit are gathered with you and will encourage you and continue to give you the strength that you need. Go now in Love.

JEY returns and gives thanks for that one who has come once again to be in the midst of those of you known as OMEGA. You are blessed in that ALLA has chosen to be here in your midst. Leave this place with the knowledge that you have been blessed, with the knowledge that you have been strengthened; and you have a greater understanding because of your discussions during this period of time than you had before you came. Go now in Love and in Peace; and may the Creator of us all continue to bless you with unconditional Love. Go now in Love. AMEN.
