

MESSAGE FROM JEY, 11-21-04

JEY is here. JEY is aware at this time of the necessity for JEY to be in your group. It is the understanding of JEY at this time that those of you who are here have a real need at this time, for we who are in the Spirit Realm understand that which is the feeling of peace upon the Earth. Those of us who come to you are here at this time and do indeed hear thoughts, hear your prayers for those who are need at this time. Know that we who are in the Spirit Realm come to your times of meeting with that which is love in our own beings. If we would say 'with love in our hearts' we would feel that; but as you are aware, we are in Spirit and so we have no need of that which is a heart. But let JEY tell you this now. We have not forgotten after our own times upon the Earth what it is like to have a feeling within your heart for those whom you love and those whom you care about; and so we do indeed send forth our own thoughts, our own efforts, to those who you named that their needs may be met. We would ask that their own Spiritual Guides would be with them and guide them in their times of need.

It is at this time that the one who is JEY has this to further say with regard to being here with you and in this which is your circle. JEY would ask that the Creator of us all would allow those of us who are here with you to be empowered to do that which is indeed a healing for each of you who are here in this group. It is known that you each have a need, and so we who are here in Spirit would simply anoint each one of you at this time in order that the healing power of the Creator would simply come to you at this moment and allow that which is your body to take in this healing power that only the Creator can give. We do not anticipate that which is an outpouring of energy for you, but we do anticipate that which is a healing energy that you would be able to feel at the end of this session. And so once again, we ask that you be the recipient of that which is the healing energy that each of you can feel at this time.

JEY is aware, too, of the need of each of you for that is an understanding of a life before this upon the Earth. You have talked about that which is known in your country as the nation of Atlantis. Know that with this in mind, JEY would tell you this. You did indeed live a life before this where you were a part of that land at that time. But know this! There was indeed an energy that was given out in that land, and you were fortunate enough to be able to understand that energy and to access that energy. But know that as you then struggled with your beliefs and your own concerns about the use of this energy, know that you were enabled to overcome much that was forced upon you at that time. We would ask you to simply spend some time in quiet at this moment in order that you may once again feel the energy that could be given to you at that time. (A time of quiet followed.)

JEY would tell you that this feeling of energy would stay with you throughout this time as you meet as OMEGA. Know that you who are members of this group which is known as OMEGA upon the Earth are indeed blessed, in that you have received many blessings throughout the years that have been able to come and be with you. We would ask that you cherish those and know they are given to you freely.

And now with this in mind, let us begin to think about what is to come in the future. It is known that those of you who are OMEGA upon the Earth do indeed have that which is a function upon the Earth...and that is that you are here to spread that which is the energy of the Creator and the knowledge of the Creator with all with whom you could in contact. And so you are asked to be aware of the needs of people who come into your presence. You are asked to simply assert self in order that you might be able to entertain that notion of the energy that can come to you at this time. We would ask that you be alert to the needs of all those who come into your presence, and simply be aware that you can meet those needs if you will ask in prayer that you be helped at that time. We would ask each of you that you allow that which is the Creator of Us All, the energy of that Creator, to enter into your very being in order that you may be able to help those who are in need. You are not here just for the satisfaction of being able to receive this information from those us who are in Spirit; but you are here for the purpose of helping others, and if you can help others by allowing that which is the Spiritual energy to be give through you to others, then so be it. That is your purpose upon the Earth. We would not ask you to do otherwise.

It is the will of the Creator that each of you would be attuned to the needs of another within your presence in order that you may help that one to overcome the problems that do inhabit their lives.

You are aware of many that have the need for this help at this time; and so simply as you look around self and find others in need, you would attempt to help that one or that many who are in need. And so from this time forth you are to give a deeper thought to the needs of others and attempt to help others as they come into your presence.

JEY has the opportunity at this time of help those of you who are here. JEY will indeed give you

through that which you would find necessary, and that is the energy of the Creator, at this moment. And so you will simply open your hearts and your minds, receive that which would be energy from the Creator, and allow this to become part of you, part of your thinking, part of your being. And so each of you now has that which is an opportunity to help another. You have been given the energy that you need to help another. And so with this in mind, JEY would ask that you go forth from this place with a renewed spirit of help, that you may indeed look for those who are in need at this time and can indeed accept that which you can give them, in order that you may be that which is a Light unto the rest of the world in order that the Creator may use your very being for those things upon the Earth that need to be done. You must understand that the Creator can only use those of you who are willing to be used. And so with your willingness in mind now, and the ability that you have to know what does indeed come from the Creator, you will go forth from this place with the thought in mind that you are simply **a vessel of Light and Love from the Creator** to approach all others upon the Earth Plane who are in need of help at this time.

Be not fearful of this. You are a Light unto the world, and you can become a Light unto another as you allow yourself to be that Light. Give of your thoughts, give of the energy of your time to assisting others in the needs which they have.

Go now in peace, for indeed what is important does indeed come through those of you who are known as OMEGA upon the Earth Plane. Be at Peace. Go in Love. AMEN.
