

MESSAGE FROM JEY, 2-13-2005

JEY is here, and has indeed been in your midst and is here with love and much concern for those of you who must live upon the Earth at this time.

JEY is aware of all the turbulence upon the Earth and does come at this time simply to communicate to you that which is a necessity. Allow JEY to say this to you.

As you are living as OMEGA upon the Earth, we who are in Spirit now look upon you as those who have the opportunity now to be that which you might be called 'a candle of hope'. Those of you have the opportunity to know Truth upon the Earth can indeed be a light unto others upon the Earth at this time. And so JEY is asking those you who are here, those of you who are receiving this message, to indeed open that which is your life that others may see that light shining within you. JEY is aware that often of that which has been said before, that many who are seekers after Truth do fail to find that which is the ingredient which is necessary for them to continue their journey and to maintain that which is faith. We who are in the Spirit Realm would ask you to be steadfast in your faith at this time, that you may indeed be that which is a beacon of light to others who are upon the Earth. There is upon the Earth at this time so much in the way of destruction, in the way of despair, in the way of that which is hatred; and know that as those things occur upon the Earth, it simply stimulates more of the same.

Those of you who are OMEGA are aware of the fact that you must keep within your mental self that which is of a time of peace, a time of hope, and a time of joy. You cannot allow that which is your mental self to be dragged to the depth of that which is known as hatred and despair. This must not be. And so JEY would ask each of you to attempt now to simply look upon what is occurring upon the Earth as those things that will occur, not only today but in the days that are to come, for indeed mankind has not found a way to be at peace with self. There are those who are intent upon destruction; those who are intent upon harming those who get in their way of having a track which they wish to follow, that which is the killing of innocents upon the Earth.

And so it is that as JEY has the opportunity now to come and be with you and discuss those things that are occurring, JEY would tell you that you simply need to be at peace with what JEY is saying at this time.

You have witnessed within your own country those acts of hatred that have indeed caused many to die and caused much destruction upon the Earth. That now has spread out to the rest of the Earth from the area in which you live. It cannot be that this must be allowed to continue. And so you will find that in the time to come there will be those things take place that will indeed teach those who are intent upon such killing and destruction from further harming others; but before that occurs, there must be catastrophes upon the Earth. And there will be catastrophes upon the Earth that will indeed frighten those who are so minded that they will indeed curtail that which is the action that they are taking.

JEY would ask you to prepare for whatever may come with regard to that which is the cleansing of the Earth. This has been spoken of many times in the past; but JEY is well aware there must be a cleansing take place in order for mankind to once again have an opportunity for peace upon this Earth on which you live. You live upon a planet of much beauty, and could indeed be a planet that will bring joy and livelihood to everyone that inhabits the planet. But always be prepared mentally and Spiritually, but also physically, for whatever may occur upon the Earth. It is known that as you who are OMEGA do allow your Spirit, which is of great strength, to go forth upon the Earth and deal and work with others who are Spirit in Body, you will find that much can be accomplished. But before peace comes again to this Earth, there must be that which has been known to each of you as a time of cleansing; and so it shall be.

JEY does not come to give you a time table for this; but know that as JEY can see from the vantage point of the Spirit Realm, there does indeed appear to be a time now where those who are so intent upon destruction and death must not be allowed to continue.

It is known, too, that as mankind has the freedom to broadcast that which is thought across the Earth through that which is your medium of communication, whether it may be one or all of the various media that man has upon the Earth today, that hatred can be broadcast in a matter of seconds around the Earth. Know that as well those who are not in a time of hatred and destruction need to broadcast as well the thoughts of love and peace. These can be broadcast around the Earth at this time. Those of you who have the opportunity to use that medium that can indeed move information quickly around the Earth, need to take the time to allow that to be so. We do not wish you to simply become that which is a 'full time broadcaster' of Truth; but we do wish you to share with others the thoughts of peace throughout the Earth,

the thoughts of love and joy. They can indeed be sent out to people who live upon the Earth and do have access to these types of communication that would allow them to receive the messages that can be sent.

Allow JEY to say this. Those of you who are here at this time are indeed people upon the Earth who have the ability to think clearly and to communicate clearly. You who have been given the opportunity to become educated in that which is mental thought upon the Earth must know that you are blessed above many upon the Earth at this time. There are those who have not had the opportunity for education which you have had. You need to use the opportunity that you have now to share thoughts with others. You can share the idea of love and peace and joy with others with whom you come into contact. You do not have to become simply a spiritual teacher at this time. But you can share that which is Truth with those with whom you come in contact. Joy, love, peace and Truth are indeed those things that are absolutely necessary upon this Earth upon which you live at this time.

May you have the strength, and the will, and the desire to share those things that you have the opportunity to share at this time.

And JEY would come with one more admonition for each of you, and that is this. Do not allow your mental self to become that which would be a gatherer of those things of a negative thought. Do not allow those things to enter into your thinking, your mental self. You do not have to become what we would call "a listener of those things of negative import." You do not have to listen to the media that you have upon the Earth that are giving those things of a negative import. Allow yourself to be taken away from such as that! Attempt to hear only those things that would bring to your thinking the idea of peace and love as it does apply to your life upon the Earth every day.

JEY comes now with these thoughts simply because, as JEY can see it and as JEY understands it has affected each of your lives, you must no longer become a victim of negative thinking upon the Earth. Yes, JEY is aware that you have been told that all experiences are good for that which is your Spirit Within, but now there has come a time where the media upon the Earth, communication media, has indeed overtaken that which has been Truth and Good and has been used mainly for that which is negative and of bad report and must not be allowed to continue in your life.

Leave this place with a feeling of joy and a feeling that you have been blessed and you are in control at this time of what you can hear and what you can allow to become a part of your thinking and become a part of the knowledge your Spirit is gathering to self. And so at this time JEY would simply say to you that you are blessed, you have the opportunity to fulfill that which is your mission upon the Earth, and you are indeed doing that very thing as you gather as OMEGA. Know that in the days to come, you will find as you allow it to be so that your Spirit will guide you in the things that you do and say. May it always be so with you; and may that which is your own Guardian of Spirit continue to help your Spirit be strengthened to help you through this lifetime upon the Earth. Go now in love and be in a time of peace. Know that JEY will continue to come to be with you as there is a need. Go now in love. AMEN.
