

MESSAGE FROM JEY, 4-17-2005

JEY is here, and does come at this time with that which is an air of excitement, for those of you who are here have been in a time of discussion of things of vital interest to all of us who come to meet in your midst at this time when you are together. At this time JEY finds it a privilege to be able to communicate with you once again and to discuss those things which you have been discussing.

Allow JEY to say to you that there is a need for this meeting which you have at this time; and those of you who are here will indeed benefit from this meeting. It is the notion of JEY at this time that as you have been able to listen to the reports which the one who is Bill has brought to you, it is obvious that those of you who are here have indeed shared that which has been your energy with him for indeed he has been given much energy in the days past. But know, too, that as he has obtained energy from those who are in the group, so has he obtained from others with whom he has met. And so we would say to him that at this time he is to be aware that those of us who are in the Spirit Realm have indeed shared our energy with him, for it is known that he does have a need for energy. As we have said in the past, he is in need of additional energy. He must accept what is brought to him at this time. We are aware that there are those who have the idea that you must not give of your energy, but know...as we have told you in the last meeting.... it is necessary that you share your energy with the one who is Bill. As you come to this point where you feel that you can share your energy, do so for what you share will be returned to you many fold. And so this one who is JEY comes to you to report this fact and to report more additional facts to you.

As you have become aware, there has been much occurring with regard to this past two weeks or more, and so we ask you to simply watch for that which is occurring, and notice that there is an upheaval within the Earth that is causing much in the way of volcanoes, earthquakes and storms. We must not forget the storms that touch the Earth. As we come to you and ask you to simply keep that which is the nature of these occurrences in mind, know that you have nothing that you need to fear, but you need to be aware of what is occurring.

JEY is aware at this time of what is happening in your lives. Each of you have a need of some sort at this time. And so JEY will tell you that each of you in this room will receive the energy and an answer to questions that you have. Each one has a different need, and those of us who are in Spirit do attempt to serve your needs and to prepare you for what lies ahead. Each of you has that which is necessary in your life at this time, from that which is known to you as education to that which is known to you as the ability to use what you have learned upon the Earth. It is known that each of you do indeed have an opportunity to share what you know with regard to life upon this Earth, from that which is the job that you have upon the Earth with regard to the energy that is needed in your own life; and so even as you have helped Bill and will continue to do so, you are receiving the energy level that you need in regard to what you are doing upon the Earth. Know that JEY has a need because JEY is guardian of spirit for this one who serves as instrument. Know that she is to be given credit for that which has occurred in the life of a friend and as she has this credit now, she will continue to work with that friend in the days to come in order to help her as she now becomes more feeble in her time of life. And so as she has a need for energy in order to accomplish what she must do, she too will receive the energy that is needed.

As we have said in times past, those of us in the Spirit Realm do come to share with each of you the information that will help in your life at this time. And so we would ask that you simply be in prayer for your needs, and those of us who are guardians of your spirit will hear your prayers and will answer them as it is necessary for it to be done. Do not expect us to work miracles in your life, as you are here on Earth to experience all that will happen in your lifetime! And so we do not want to take from you the opportunities that you have, but we do seek to give you information with regard to the spiritual aspect of your life that will help you to overcome any hindrances that you have to complete life upon this Earth. Know that each of you do have the opportunity to experience different aspects of life, and so it has been throughout your life; and so those aspects of your life must be shared with others as you meet in this group. You have that opportunity to share the experiences that you have in order to further the different outlooks that others have in their life. Each of you will have a different aspect of life. Each of you will share that aspect as you meet in group. Know that in the days to come you will have that opportunity.

Allow JEY now to simply touch upon one other subject that is vital to each of you at this time. That is that which is **fear**. Many of you who live upon the Earth at this time have that which is a feeling of fear with regard to what is happening in your life. Know that you do hear much about what is happening upon the Earth, and each of you tend to draw that fear into your being and into your life, because you feel

that your own life could be disrupted by those things which are happening upon the Earth. Again, JEY can say to you that you need not have worries about what is occurring. You will be protected, and so there again you must simply be in a time of prayer in order to alleviate the feeling of fear that you have in this lifetime.

So, with that said, JEY would simply ask you at this time to be at peace with your life upon the Earth. Know that you are doing what you needed to do upon the Earth and in the life that has been given you. You can continue to help others as you live in this life, and that is your main concern at this time....being able to provide help for others even as you have been given help in this lifetime.

And so with that in mind, JEY would ask you not only to be prayerful but to be at peace and know that you need not be fearful of what is to come in this lifetime.

And so JEY would ask you now to go in peace, to be at peace, and to go in Love, and know that JEY will forever be with you in this lifetime. Go now in Love. AMEN.
