

MESSAGE FROM JEY, 5-1-2005

JEY is here, and it is the will of the Creator at this time that JEY be in your midst to give you that information that is needed this day. Allow JEY to say with much humility that this one comes today to be in your presence, for indeed you have spoken well of the one who is coming as your Guardian of Spirit and will continue to speak well of that one. But know that JEY comes in an attitude of prayer and of service to you who are serving as instrument and who are here as the group known as OMEGA. JEY is aware of the presence of one who is new here, and JEY will attempt to address that one as well.

As you are here in a time of meeting, let JEY say this to you. As you have been in a time of reading that information which was given to you in the time past, know that much has been said with regard to those things that are happening upon the Earth. Much has been said with regard to that which is fear among those who live upon the Earth. Allow this to be said to you, too. There is nothing that you need to fear, because fear is that which takes away from you that which is prayer and praise; and so with that thought in mind, you do not want to take away from the prayer and praise that you have for the Creator, but rather to do away with that which is fear. Know that fear simply demolishes all that you have in your life with regard to joy; and with the prayers and the praise that you have for our Creator, you have made that into joy for your life which you have here on Earth as well. And so, with that regard you will no longer need to feel fear in your life but rather to know that which is joy.

And so JEY comes at this time to communicate with you another aspect of your being, and that is simply the feeling that you have with regard to anticipation. Know that as we have talked about perception and that which is knowledge, you now need to talk about those things which would cause anticipation in your life.

We do not come to simply cause you to know those things upon the Earth which are known to you through your education or through those things that you read, but rather we wish to talk about those things which come to you as a result of having known the joy of prayer and praise, and know that we can talk about this when we talk about joy. We can talk about anticipation. With joy you anticipate those things that are good upon the Earth, those things which do bring joy to your life, those things that bring the anticipation to your life that do result in joy. And so as we talk now about anticipation, we talk about the joy that can come to you as a result of knowing more about the Creator, knowing more about those of us who serve from the Spirit Realm, and do come to you on the Earth Plane in order that you do know the joy that can be brought to you as well as having known about the Creator, and having known about the Guardians of your Spirit. We do not ask you to simply accept all that we have to say to you but rather to be in prayer about it and know that as you are in prayer, and do know the joy of simply giving forth in prayer to the Creator, know that you are also communicating as well with those of us who are in the Spirit Realm and who come to you as your Guardian of Spirit. We hear your prayers even as they are sent forth to the Creator and do know your needs even as your needs are spoken to the Creator. That is why the Creator of us all has give us power to come to you as your Guardian of Spirit, in order to hear your prayers and hear your needs. Otherwise, millions of people upon the Earth Plane are seeking to ask various things upon the Earth from that which is your Creator. Know that this becomes an unattainable job that has been given....asking you to be in prayer to your Creator. But those of us who are working in the Spirit Realm as your Guardians of Spirit do hear your prayers, do come to you to seek to solve those problems that you have upon the Earth.

Know that we who have heard your problems have lived upon the Earth, do know your problems as they exist upon the Earth. Mankind has not changed that much. We who have lived in body are well aware of the problems that you have upon the Earth each day of your life, and so it is now necessary for you often to bypass often those of us who are in the Spirit Realm and go to that which is our Creator. We worship our Creator even as you do because we are spirit in the Spirit Realm; but know that you come to us and to the Creator in prayer, we will hear your prayers...not on such a large scale as when you go to our Creator of Us All. And so as you have an opportunity to be in prayer, remember that not only are you speaking to the Creator but you are speaking to your Guardian of Spirit as well.

And so with that in mind, we ask that you anticipate hearing from those of us in the Spirit Realm, whether it be in spoken word or in thought. We will attempt to communicate with you. Know that we have the ability to communicate with you at any time that you ask for us to come and be of assistance to you, no matter what the question is or what the need is. We do hear your prayers and we do communicate with you. Know that this one who has the ability to allow her voice to be used has indeed sought for that ability

in the times past, and so even as she has achieved that ability in the time past, she does indeed often, in prayer, ask for the help of the Creator and asks for those of us in the Spirit Realm as well. And so it is not beyond comprehension at this time for each of you to know that you have a Guardian of Spirit and that you may come to the Creator, and that you do indeed come to your Guardian of Spirit at the same time that your prayer is sent forth to our Creator.

We simply urge you to attempt to communicate as you are in prayer with your wishes and your needs.

Allow this one now to communicate with the one who is here as Donna. She has indeed taken the chance of coming to this meeting, not knowing what she would find here. But she has found a time of peace, a time of love, even as you have found a time of peace and love. Those of you who are OMEGA have been able to achieve a level of peace that you have not known before because you have called upon the Creator of Us All to help you to understand what is taking place when the one who is JEY communicates with the one who is here as the instrument. Know that JEY simply allows the energy that JEY can send forth to simply touch upon the energy that this one is able to send forth from her own being. And so these thoughts which are sent forth to the one who is instrument are simply picked up by that one who is serving as instrument, and then words are formed and sent forth to those of you who are here. Know that this does take a great deal of energy by the one who is here as instrument; but know that she has willingly given of self in order to do that. We do not show any attempt to simply use any body upon Earth who is not willing to be used, and so we would urge you, even as you speak of the Creator or speak to those of us who are instruments, we urge you to let it be known that you are willing to be an instrument if it is so willed by those of us who are in the Spirit Realm.

Know that each of you who are here have a gift of some sort. Let that gift be used by the Creator! Know that where ever you have chosen to use your ability, whether in the field of education or what ever you have chosen to use them in, we ask you to let your ability be free to go and help those who are in need of help on the Earth today. You have gifts that are given. Let those gifts be given to others as well. Let the use of your gifts be given to those who are upon the Earth at this time. We do not ask you to do this unless you are willing to do so. But as you have been given gifts, you are asked to give them in return. Even as you have given of your energy, they are to give of their energy in return. And so this one will say to you that you have the ability; let your ability be used in whatever need it is needed to be used upon the Earth.

As you are aware, there is much need upon the Earth. Each of you have within your grasp simply the need to help another at some time in the days to come. Know that you will be able to touch another. Look not upon another as simply a body, but look upon another as another Spirit in Body, because that is what they are. As you have been told, the Spirit is the reality of you. Your body is simply a shell that encases the reality of the Spirit for its time upon the Earth. You have nothing to lose by allowing that Spirit to reach out to another, and to touch another, that it may be helpful to another. Know that your Spirit is indeed the reality of you. Your body, your shell, is simply here for protection of the Spirit. Allow your Spirit to go where it needs to go in order to help another.

Even now, this one who is JEY realizes that the one who is Louise is letting her Spirit go forth from the shell that encases it at this time to be able to communicate with you and be able to communicate with JEY. Her body does indeed allow JEY to reach out to each of you at this time. She is using that gift which has been given to her and so it is necessary for you to allow the gift that you have been given to be used to touch the Spirits of others who come into your presence.

At this time now JEY would simply ask a blessing upon each of you, and so JEY would at this time do that. "Almighty God, as you meet with these who are here at this time, look upon them and their need at this time. Know that they are in need of a blessing from the Creator. They are here to do your will, even as we who in the Spirit Realm are here to do your will. We ask that you bless them; may they know your will, and may they know the love of us who are in Spirit."

And so we ask now that you go in peace. May you know the Creator's love as you go forth from this place, and we ask that the energy of the love of the Creator will remain with this home as well. Go now in love. AMEN
