

## MESSAGE FROM JEY, 7-17-2005

It is now the will of the Creator that this one who is JEY speak with you. You have attempted to cover much during this time of meeting, but allow JEY to say this. Even as you have attempted to accomplish much, there is still much to be accomplished; and JEY will attempt at this time to touch upon those things that are of importance to you. Allow JEY now to be in your midst, to communicate with you, and to be here with love and care and concern. It is now the privilege of JEY to be that which is a Guardian of Spirit for that which is the OMEGA group. In other words, you are in need of one that will be Guardian of Spirit for each of you; so JEY would invite the Guardian of Spirit for each of you who are here to be in your midst and for you to be aware of that presence.

And so JEY would at this time attempt to discuss that those things that are of importance to you at this time.

Know that JEY has indeed been present in this group and has heard those things which you have discussed. JEY is aware of the fact that the one who is here as Bill has indeed been able to teach you about those things which are connected with spirituality---that of knowing more about your charkas as they affect you who are Spirit-in-Body. Even that is a long remaining expected topic within this group, and know that there is much for you to learn. And know that JEY comes strictly to help you understand that which is the spiritual aspect of you in relationship to the physical aspect of you. And so what JEY has to report to you today does indeed affect each of you who are here and all others who are Spirit-in-Body.

And so with that, JEY wishes to begin with this topic; and the topic that JEY has for you today is simply that of Spiritual Growth. Be it known to you that much is expected of those of you who are in the OMEGA group, much with regard to Spiritual Growth and much as to your experiencing it and talked with others about it. Know that there are many here in your area who are in need of truth about Spiritual Growth. Know that you have much to do in order to simply allow them to know that they are of Spirit, and as a Spirit they must be aware of Spiritual growth as well as physical growth and educational growth, and all things that are dear to their hearts. But many people do not want to hear about Spiritual growth because they are afraid that it will detract from their own entertainment of their physical aspect. Know that as you are here, it is to learn more about Spiritual growth and we are here to teach you about Spiritual growth along with other things that we find it necessary to talk with you about.

But allow JEY simply to touch upon Spiritual growth today as it pertains to each of you. Those of you who are here as OMEGA have indeed experienced Spiritual growth by having been here. JEY has attempted to lead you in the path of Spiritual growth in order that you may grow spiritually as well as physically upon this Earth. We feel that you who are in the OMEGA group have an opportunity to learn about spirituality, or Spiritual growth, as you attend these meetings of OMEGA. We do not come you to say you must learn this, but we come to tell you that what we are presenting to you is Truth. And so we would expect that you would assimilate this, internalize this, so that you will grow in Spirit, even as you are growing in other areas.

There are those of us in the Spirit Realm who have chosen to be Guardians of Spirit for millions upon the Earth. Everyone who lives upon the Earth is afforded a spiritual leader who comes to be with them as there is a need. Many are not in a position to even question one who comes, or question about the one who comes to be Guardian of Spirit. There are many upon the Earth who do not seek to approach any study about spiritual growth. But we can tell you that the Earth is prime example, for all who are here as Spirit-in-Body to become more knowledgeable with regard to spiritual growth. There are many upon the Earth at this time who have never learned about the Creator of Us All; and this is not saying that they do not know about that which you would call God or Savior or the Lord, but rather they have nothing of that in some cases. They are not interested in that which would be Spiritual growth.

And so JEY is here to tell you that not every one that you talked to is interested in the topic of Spiritual Growth. And so you may approach this in other ways. You may wish to talk with them about what is good, what is considered bad. They may want to hear about those things. Simply allow them to know what you find to be worthwhile upon the Earth. Not all will be interested in hearing about the OMEGA group; but they will listen to what is worthwhile upon the Earth. Not all people who live upon the Earth, or live in this area for example, are interested in that which you find of interest....and that is learning more about that which is Spirit-in-Body. And so JEY would ask you to be alert to the opportunity to what you can discuss in some way, what you consider

to be Spiritual Growth. It may not always be in those terms; but there will be opportunities open up to you about that which is good or bad upon the Earth plane.

There are many that you can discuss these topics with. And so with that said, JEY wishes to go on to another topic at this time. As you have been privileged to be a member of the OMEGA group, or as JEY would consider you are to be privileged, you have had the opportunity to ask many questions or to have come to know others who have been advised with regard to Spiritual growth in the OMEGA group. Allow JEY to say that as you have come and as you have asked questions about the OMEGA group, know that you have had many misgivings as well. And so the people that you approach with regard to this group will have many misgivings about a group such as the OMEGA group. Even though the group has been formed by those who have come and been in communication with those of us who are in Spirit, know that there are many who will not believe that. And so JEY would talk with you about Guardians of Spirit.

Each of you who are here have your own Guardian of Spirit, but you have not yet had the opportunity to communicate with that Guardian of Spirit. Know that time will come when you have the opportunity to so communicate. JEY wishes now to have your ability to communicate known to you. You simply ask for guidance and protection and to be in the will of the Creator when you so communicate with your Guardian of Spirit. There is much to be gained from that. Inasmuch as you will have the opportunity, you will need to ask questions, you will want to know the Truth about such a situation when you are in communication. Even as this one who is instrument doubted as first that she was indeed able to communicate with the one known to you as JEY, you will have your own doubts as well. Know that we are only different from you in that we are not in body. Your spirit is in body. The spirit of JEY is out of body and has returned to the Spirit Realm; yet JEY can return to Earth to communicate through the voice of this one and can tell you that this one comes in the will of the Creator. There is no doubt about that! You cannot, at this time, sit and communicate with your Guardian of Spirit without being fully aware that the one does come in the will of the Creator. You will have to testify to that...that they have indeed said to you "We come in the will of the Creator." And so each one who is here can communicate with your Guardian of Spirit, can be led by your Guardian of Spirit, even as you have been led by this one. JEY is aware of that, you can be aware of that as well.

Allow JEY to communicate with you now about another thing. You have spoken of things that have happened upon the Earth, particularly those waters that have inundated many places, the winds that affected many people. Even now they are approaching endangering many people, and many will pass to Spirit as the result of that. But know that you who are living in this area do not need to worry as much about the waters as those who live near the ocean or waters of great depth. Even as they enter the Earth and do tend to bear a destructive nature, people do need to have a concern about what is happening. Even as you see great destructive things happening upon the Earth, JEY would ask you not to be concerned about those things at this time. Of course, there are great winds where you are, but you do not need to be concerned about the hurricane winds that have struck other parts of the Earth.

And so with that said, JEY would like to remark about another thing. The one who is Bill has led you through what he knows to be a lesson in grounding. Know that JEY can tell you that it is important for you to follow the instructions that he has given and to know that you can become a spiritual being that is indeed grounded upon this Earth. You will think of this as a physical thing; but know that it is your Spirit Within that will benefit from most of all from this physical aspect of grounding. JEY comes to tell you that indeed you are to benefit from such things because your Spirit will be affected by such things. Be careful what you do and where this is occurring, because this is important, too. Your Spirit is affected by all things that you do physically, and it is affected which you do in a Spiritual sense. Your Spirit is on Earth to learn, even as JEY has said before, and as it is given the opportunity to experience things on the Earth, you Spirit will learn from those things as well. And so you are not to be afraid to try all things upon the Earth that you approach, but rather take advantage of those things and learn from them as they will help our Spirit to learn and to be able to take back to the Spirit realm, when it returns, a knowledge of those things which it has approached upon this Earth. Be aware of this.

And so as JEY has the opportunity to come and talk with you about various subjects, know that JEY will do so. If any of you have a question at this time, JEY would ask that you ask it.

I had a dream and was really taken aback by it. My name is Donna and in the dream I walking in the woods and saw a dog. All at once it jumped up and turned into a bear and was baring its teeth. My Guardian of Spirit...I feel that's who it was...was there with me but could not stop the bear; and I woke up just as it started to sink its teeth into me.

JEY hears your story and has this to say. JEY attempted to analyze dreams in this manner as they relate to you. JEY would tell you that the bear which you approached is certainly more of a fear than it is of an animal or a danger. It is a fear and your Guardian of Spirit could not keep you from facing this fear.

You must have, in your life at this time, a fear of some sort that has already affected you. You said that the bear used its teeth in your flesh; so JEY would say that you need to face your fears that you have at this time. It may be nothing major, but it was shown to you as a bear, and your Guardian of Spirit cannot or will not do anything about the fears that you have at this time.

Are there other questions?

JEY, this is Bill. When you are talking about communication with our Guardian of Spirit, the grounding, I am sure, helps us to be in communication; but I am understanding that you want each of us to practice and to learn how to communicate in a very practical way but also to be clear in our communication so we can grow more in Spirit. Is that the reason for it?

Allow JEY to say this. As JEY has said during this time, JEY know the difference between communicating with Spirit and communicating with others, physically. What you must learn to do is to communicate with your Spirit Within and with JEY in order that the Spirit Within you can return to the Spirit Realm at some time in the future, having learned as much as possible while in this Earth life. You are well aware of the trials and temptations while Spirit-in-Body. You are well aware of the Spiritual aspect as well. JEY would advise you that you simply continue in this life, doing the things that you are doing now. Those will affect your Spirit and will allow it to grow in Spiritual growth as you would have it to be. Does this answer your question?

Bill: Thank you, and I also want to thank you, JEY, for all that you have shared with us.

Thank you. As JEY can say to each of you, you have shared your very lives with us who are in the Spirit Realm, and we each come and thank you for that. Are there other remarks?

Allow JEY now to give a blessing for each of you who are here. Allow JEY to say this. Know that the Creator of us all does indeed shower upon each of you much love and allows us to come to you and give you a blessing at this time. May you know of the love, care and concern at all times that we who are in the Spirit Realm shower upon you. Be at peace with this. Know that we come in Love, and wish that you have the experience of much Spiritual Love and much in the way of Love that others can give to you. We ask you to be at peace now, and as JEY has always said, Go now in Love. AMEN.
