

October 21, 2005

JEY is aware of the need for this one to be in your midst during this time of meeting and would tell you that as each of you are here; you are here for a purpose. It is not the time always for a time of entertainment or a time of joy, but sometimes simply as a time for receiving information that will help you in your lives here on this Earth.

We are grateful to you for the fact that you have indeed stayed true to this, which is the OMEGA group during this long time of absence, but know this. JEY is always aware of your thoughts and your intentions, and JEY would at this time simply ask that you continue in meditation and in the idea that you are here for that which is a purpose; and so JEY would begin to give you information at this time.

As you are strongly aware, many things upon this Earth are not in keeping with that which is the idea that God had when mankind was put upon the Earth. Things do not continue as they were intended to be; and so many times here upon this Earth you are finding things continuing within the lives of mankind that were not intended to occur. JEY is here with a thought that perhaps if JEY could indeed shed a tear, it would be for man at this time upon this Earth. Many are in a time of need; many are in a time of war; many are in a time of simply seeking for food upon the Earth. You can find that you are blessed among many who live upon the Earth, because you have those things that are needed by mankind in order to survive in life at this time. Be at peace with who you are and where you are and what you are at this time, for you are able to provide for self and that indeed is a blessing. As we come to gather with you, we are well aware of that blessing.

And so at this time, JEY wishes to touch upon one thing that you need to be concerned about upon the Earth at this time, and that is the idea that you are indeed privileged among all mankind as you live in this area, that you indeed do have a home, that you have a blessing of food and clothing that brings joy to you. Know that we do not come to tell you that you are blessed; you know that, for indeed you have that which is a blessing that is great among mankind! There are many upon this Earth who have what is called more than an abundance of money; but know that money does not bring joy, does not bring happiness. And yet there are those who wish for those in their life at this time. Be thankful for what you have. Be thankful for the knowledge that indeed all that you have is a blessing for you, and you do not need to fear those things that are happening upon the Earth. Know that you are blessed in many ways and it is the will of the Creator that you simply be thankful for all that you have and all that has been given to you.

Let JEY give you this information as well. As you may or may not know, there is upon this Earth an opportunity for each of you to perform that which is a good deed for others upon the Earth. Be not afraid to go forth and offer your services where there is a need. Know that you will be able to help another in some way, even if it is just simply a word of encouragement, for there are many upon the Earth that do not have the will to do well upon the Earth. There are many who are simply led in the wrong direction. But know that just a word of encouragement will help many who are mankind upon the Earth.

Let JEY urge you to find those who are in need of encouragement and help them in any way that you can during this time that you are living upon the Earth. Be thankful for who you are and what you are, and what you can do to help others upon the Earth.

At this time JEY wishes to touch upon another subject, too. Know that there is much said about the chaos that has been coming about upon the Earth, in the long time that this has been happening. You are aware of much of the chaos that nature can form upon the Earth. You simply to be aware that not all people are so fortunate as to overcome that which is the chaos of nature. Know that there is much brought by nature upon the Earth. Not only can be the great storms and great waters, but know that there are people starving to death upon this Earth today, and know that each one who is living upon the Earth with plenty should not allow that to happen. Mankind has the ability to make a living upon the Earth, but there are countries upon the Earth that do not have the ability to grow materials that would bring life and liberty and happiness to them. They are looking beyond for help. Know that there are those governments that do shape the opportunity of each person to provide for themselves. There are many who do not have this opportunity to

go out and provide for that which is a living. JEY does not wish to sound like that which is a gloom sayer, as you might say, but know that JEY wishes to urge each of you to do what you can to bring joy and happiness to other people upon this Earth. You may not have among you lot of opportunity to do so; but if you can cheer up one person a day, or a week, or a month by simply giving them the encouragement they need in some area, some field, let it be so. Do not hide your ability to do so within your own home but rather get out and provide for another person to hear your voice offering encouragement. This indeed will be good for you and the person who is approached.

Know that as you sit here in peace and quiet and calm, and listen to each other as you have discussed those things which have been brought to your attention, you have been blessed in this way. You have ability to think and then to speak, and to tell of those things that are meaningful to you. Be at peace with that and share with others who you know upon the Earth. You may think that others will not be interested in learning about those things of a spiritual nature, but you may indeed be surprised at this. JEY can tell you that there are many who are hungry for those things of a spiritual nature. You do not know when you may find that one who may be happy to hear what you have to say to them with regard to that which is spiritual growth. Know that JEY will be with you as you attempt to help another, no matter what it is that you wish to do so. JEY will give you the guidance that you need. Simply ask for the help of JEY and then continue in approach to the other person. It can be done. JEY can tell you that this one has experienced a lifetime upon the Earth, and JEY will tell that indeed it is not an easy task, but you will be given many blessings as you attempt to allow another to simply be helped in a small way upon the Earth. Be not fearful. Go with faith that what you are going to tell another will indeed bear truth, whether it be a word of encouragement, or whether it be about spiritual growth, or whatever may be a positive effect in their lives,

Be at peace with that, and know that it will bring forth much fruit for you as you do so.

JEY is aware that you each have an opportunity here now, and there will be the time come where you will need to be approached by that person that you will need to speak with. Be not fearful to do that. You DO NOT NEED TO BE AFRAID.

And so as JEY comes to you and talks with you at this time, JEY can be at peace with you, JEY can give you the knowledge that you need to have at a given time. Allow JEY to tell you that this one who is JEY has indeed known the trials and temptations upon this Earth in body, even as you do now, and know that each of you can indeed be a bearer of truth in the days to come.

Go now in peace; and may you also know a love that can be brought to you by those who are in the Spirit Realm, for indeed you can feel their love. Go not in peace. AMEN.
