

MESSAGE FROM JEY – Jan. 22, 2006

JEY is here and does come in response to this meeting and to those questions which those of you who are here have directed toward the one which is JEY. Know that at this time each of you have gained much from having read together that which is the transcript that you have just read. But know, too, that in your hearts you have indeed changed with regard to your feeling toward many things, many events, many people; and so JEY gives thanks for that as well.

Each of you are aware of your mission here upon the Earth. Each of you know what you must be doing and where this will lead you; and so what JEY has to say has little impact on your life because you are already aware of all of these things. But what JEY would like to say to you is this. There is an opportunity that exists in this time upon the Earth that many who have lived in body before have not had; and that is the opportunity not only to grow in Spiritual growth but to shed your disbelief about many things with regard to the Spirit Realm. Each of you are now deeply aware of that which is the Spiritual guidance that can be given to you, and so you in turn are well aware that you can share that Spiritual guidance with others. Do not allow yourself to become a person that is so coerced by others upon the Earth who are not in the realm of Spiritual growth to confront you, to antagonize you, to be one who is a leader of you. Know that throughout the Earth at this time there are many who have the idea that what they have to say to mankind is indeed more important than anything else that can be said. Do not let these people guide you. Know that what you alone can learn during the time of prayer and meditation tends to meet your needs and not meet the needs of someone else. And so, it is important for you to listen to the guidance of those who are in the Spirit Realm at this time.

We do not come to force you or to urge you in any way, or to believe what you do not want to believe. We would simply ask you to know that there is a Creator of Us All, that the Creator of Us All does indeed have that which is the power to know and love you as individuals upon the Earth.

And so JEY would come to address those questions that you have put forward at this time. Know that, as JEY has said, there are those throughout the Earth who attempt to simply judge you and do those things that they feel would be important in changing your opinions. Know that those you have mentioned at this time are those who deeply believe in their religious beliefs and not their Spiritual beliefs....not their Spiritual beliefs but their religious beliefs. And so they will attempt to coerce others upon the Earth to believe as they believe. Know that this is not what is meant to be. So you will find that as you travel this journey which you have upon the Earth, you are the only one among millions and millions of people that will travel that similar journey; so you must be aware that you make decisions for yourself. You do not allow others to make decisions for you. And you will ask that you be guided in making those decisions. So we who come to you from the Spirit Realm would urge you to be alert to all those who try to influence your lives at this time, and know that only those things which are of a Spiritual value should have an impact upon your life at this time.

And as you have discussed those things which will come at sometime in the future, JEY can see nothing wrong with them; but allow yourself to be guided by Spirit in connection with those things that you plan to do. All of you have different ideas and opinions, but you should first of all contact Spirit, whether it is during a time of meditation or however you may communicate with Spirit, and get those opinions from those who are in the Spirit Realm **BE LED BY SPIRIT AND YOU WILL NOT GO WRONG.**

Now allow JEY to say this as well. Even as you are here at this time, there is an opportunity for you to reach out in prayer for those who are not here and those who are OMEGA throughout the Earth and let them know through that which is your prayer and your meditation that you are in deep thought for their welfare. All are in a need of prayer, even as those of you who are here are in a need of prayer. JEY would not tell you what to do, but would suggest to you that you be prayerful for self and for others who are known as OMEGA upon the Earth.

We who are in the Spirit Realm look upon you with great love and great joy, for we find joy in what you as OMEGA are doing here upon the Earth. Let it be known to you that we do appreciate you as individuals

and as that which is working for the Spirit Realm, for indeed you are working for the Spirit Realm. And so we come to thank you for that. Those of us who are in the Spirit Realm do not have the opportunity that you have. Yes, we can come and help you in the urgent needs here upon the Earth, but we do not have the voice that you have, the hands that you have, to do those things upon the Earth that need to be done. We ask you to use the opportunities that the Creator of Us All has given you in order that you may fulfill your duties and your needs and desires upon the Earth. JEY can say that indeed the Creator of Us All has given you the voice, the eyes, the ears, the hands and all other aspects of this human body that you have in order to use them upon the Earth. Let it be known that you use them for the good of all mankind. Indeed there are many upon the Earth who are known for the opportunities that they have to do good, and yet they are not doing those things that they need to do.

You hear of each of those daily through that which you read or hear that are doing those things which may not be for the good of the Creator at all times; but JEY has told you that the deeds that you do today are for naught unless they do have impact upon others. And so as you go about your way doing those things which are good for mankind, you can be sure that they bear fruit as well. What you need to be concerned about is doing those things upon this Earth at this time. JEY would advise each of you to look forward to seeing an opportunity upon the Earth to simply help others at this time. There are many who are in the need of help in their search for the Creator at this time. Know that as you go about doing those things that you feel need to be done, this one who is JEY will come to help you when it is directed in the right directions. You must know that what you are to do upon the Earth will bear fruit when it is given the impetus that you can give it as you have the opportunity to do good upon the Earth.

JEY is aware at this time of those who cannot be here for this meeting of OMEGA, but JEY is aware, too, that they do read the written word that is sent out to each one. JEY can tell at this time that indeed it reaches many upon the Earth who have never been in these meetings; but know that indeed it is only right that it do so. There are many in this country and this world who do indeed receive some information from these written words that are sent out. Let it continue to be so. Know that his one who comes as instrument needs to know that this is her journey upon the Earth that she must do; that is that she has the ability to so write these things that are given to her each time that you meet, and send them out to the Earth for all people who receive them.

There is not an opportunity for this one to do much at this time except to do that; and so JEY and others from the Spirit Realm will increase her strength and ability to do what needs to be done. Let it be known that each of you have the ability to do so as well, to share with others. There is little that JEY can mention that you are not able to fulfill at this time. All you need to do is to seek the will of the Creator and to ask for the help of the Creator and help of those who come in Spirit in order to give you the strength and ability to do all that has to be done. We would thank each of you for being here, for looking after those things of a Spiritual nature; and we are aware that you come with a heart that reaches after Truth and Knowledge that can be brought to you each time that we meet. We would give many thanks for that; and we would ask that you know that we come and bring Truth and we do indeed trust that each of you will know joy in the week ahead or until the next meeting; and that each of you will encounter an opportunity in the days to come to share the Truth that you know to be there. Each of you has the opportunity to share Truth, and each of you will at such time in the future as someone will come to you and you will have the opportunity to share the Truth that you know.

Give of the opportunity that you have to further the will of the Creator at this time. We who come as Guardians of Spirit come to do the will of the Creator. Else, how could all this throughout the world be done if there were not many in Spirit who are willing to work with those of you who are Spirit in Body. The Creator does use the ability of each of us who are in Spirit who are willing to be Guardians of Spirit to share that message that must go out. This is why we find that each of you are important. You are message bearers, and we are here to give you the message that you can present to each of those who are here upon the Earth at this time. This is a great burden upon each of you. JEY is aware of that, and JEY never knew while JEY lived as Spirit in Body that this opportunity was out there for each of those of us who lived in body to do.

And so at this time JEY can tell you that this is an opportunity that each of you have at this time that you know about. So each one can share this message that is given to you...that the Creator of Us All wishes that you can share the knowledge of Truth and Love that can be given throughout the land by those of you who Spirit in Body. JEY will continue to come to talk with you because that is simply all that we are doing at this time. JEY can tell you that we encourage you, urge you, to be the person that you can be with regard to things of Spiritual worth. Let it be now time for you to do that, and know that it is important for each of you to share all that you know with everyone that you know that will accept the truth of Spiritual Growth. Be now at peace and know that JEY does indeed come to share with you even as you are on the road to share with others. Go now in Love. AMEN.
